

HK417® STYLE BARREL 7.62MM NATO 16IN ISONITE - BROWNELLS

HK417/MR762 16" 7.62MM NATO BARREL WITH ISONITE FINISH

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

The Perfect Barrel for Any HK417 Build

For those on the search for a perfect barrel to fit a reproduction build of the Heckler & Koch HK417, this Brownells HK417 Style Barrel is made right here in the USA as an option for HK fans building their next homage rifle. Each Brownells HK417 Style Barrel is chambered in 7.62 NATO and measures 16 inches long. The barrel is machined to the correct profile for an HK417 rifle and features laser-etching in the style of the German-made HK barrel. Other correct features found on the barrel include a 1:10-inch twist rate and a threaded muzzle with a M15x1 RH metric thread pitch. The rifle barrel features an all-black finish and is compatible with HK417 parts kits or existing rifles as a replacement component.

Consumer Safety Instructions for the HK417® Style Barrel 7.62MM NATO 16IN ISONITE

Introduction

Thank you for choosing the HK417® Style Barrel 7.62MM NATO 16IN ISONITE from Brownells. This safety instruction guide is designed to provide you with essential information regarding the safe use, installation, and disposal of this product. It complies with the EU General Product Safety Regulation (GPSR) to ensure your safety and the safety of others.

General Safety Guidelines

- Always handle firearms and firearm components with care and respect.
- Ensure that you are familiar with local laws and regulations regarding firearm ownership and modifications.
- Keep this product out of reach of children and unauthorized users.
- Regularly check for updates on product recalls and safety notices through official channels.
- Report any unsafe products or accidents to the relevant authorities immediately.

Specific Safety Precautions for Use

- Ensure that the barrel is compatible with your firearm model before installation.
- Inspect the barrel for any visible damage or defects before use.
- Use appropriate protective gear, such as safety glasses, when handling and installing the barrel.
- Always follow the manufacturer's specifications and instructions for installation.
- Do not modify or alter the barrel in any way that is not recommended by the manufacturer.
- Be cautious of the barrel's hot surface after firing; allow it to cool before handling.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including a torque wrench and appropriate screwdrivers.

2. Installation:

- Remove the existing barrel from your firearm according to the manufacturer's instructions.
- Clean the barrel extension and receiver to remove any debris or residue.
- Align the new HK417® Style Barrel with the receiver and ensure a proper fit.
- Secure the barrel in place using the recommended torque specifications.
- Reassemble any other components that were removed during installation.

3. Usage:

- After installation, conduct a function check to ensure that the firearm operates correctly.
- Always follow safe shooting practices, including keeping the muzzle pointed in a safe direction and being aware of your surroundings.
- Clean the barrel regularly to maintain performance and safety.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding firearm components.
- If the barrel is damaged or defective, do not attempt to repair it; contact a qualified gunsmith for assessment.
- Recycle materials where possible, following local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the HK417® Style Barrel, please refer to the manufacturer's website or customer service for assistance. Ensure that you have the product details ready for reference.

By following these safety instructions, you can ensure a safe and enjoyable experience with your HK417® Style Barrel. Thank you for your attention to safety and compliance with regulations.
