

RMRC SLIDE, PARTS & BARREL KIT FOR GLOCK® 48 W/ADJ 3.25 MOA DOT - BROWNELLS G48 SLIDE KIT WITH NON-THREADED BARREL & RMRC RED DOT

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

Based on our "Front Cut" slide we designed originally for the Glock G48, this RMRcc Cut Slide includes serrations at the front and rear of the slide for easy manipulation, which is a big help when you're fighting against the stiff recoil spring inside this compact 9mm. Just behind the ejection port, though, you'll see a cutout that's tailor-made to accept the Trijicon RMRcc red-dot sight. When you're not using a red-dot sight, the slide includes a cover plate with a dovetail designed to accept all standard Glock rear sights, and a slot at the front of the slide is compatible with Glock's front-sight tenon. Each Brownells RMRcc Cut Slide is machined from 17-4 stainless steel billet and treated with a matte-black Nitride finish. Internally, the dimensions are identical to Glock's OEM slides, so you can put factory Glock parts into the slide in order to build your complete gun. Note: this RMRcc Cut Slide includes the slide only. Consumers are responsible for either retaining the factory barrel and slide internals or finding new components to finish the slide. This slide does not require the use of a firing-pin channel liner. Kit also includes a parts kit that contains all the parts you need to complete the innards of an aftermarket slide or refurbish a factory slide to like-new standards. All the parts in our Glock 43/43x/48 Slide Parts Kit are aftermarket parts made to the correct dimensions for proper fit, finish, and function in a factory spec slide. The extractor and firing pin are made from cast 17-4 SS. The extractor depressor plunger and firing pin safety are machined from bar stock. Kit Includes: Extractor Extractor Depressor Plunger Extractor Depressor Plunger Spring Spring -Loaded Bearing Slide Cover Plate Firing Pin Spacer Sleeve Firing Pin Spring Spring Cups Firing Pin Safety Firing Pin Safety Spring Guide Rod and Recoil Spring Assembly Also included is out Brownells Glock 48 Match Grade Barrels are precision CNC machined from 416R stainless steel in either standard legth or threaded. Nitride finish for superior durability Available with or without muzzle threads Muzzle threads are 1/2-28 Chambered in 9 mm Luger 1-10 RH 6 Groove Twist Simple drop-in installation 416R Stainless steel The RMRCC Adjustable Red Dot is born from the industry-leading Trijicon RMR®, the new RMRcc has the same reliability you expect, designed for concealed carry. The slimmer design fits a variety of pistols providing comfort during everyday carry. Carry confidently with a sight that increases your speed, improves your accuracy, and keeps your focus on the target. 4 year battery life 8 brightness settings with 2 night vision modes Waterproof to 20 meters

RMRCC Slide, Parts & Barrel Kit for Glock® 48 Safety Instruction Guide

Introduction

Thank you for choosing the RMRCC Slide, Parts & Barrel Kit for your Glock® 48. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this guide thoroughly before installation and use.

General Safety Guidelines

- Ensure that the product is used only in accordance with the manufacturer's instructions.
- Always handle firearms and firearm components with care, treating every firearm as if it is loaded.
- Store all components in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage. Do not use if damaged.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Use proper tools when installing the slide and parts. Avoid using excessive force that may damage components.
 - Ensure that the firearm is unloaded before beginning installation.
- **Operational Safety:**
 - Always ensure that the firearm is pointed in a safe direction when handling.
 - Do not modify the components beyond the manufacturer's specifications.
- **User Age Restrictions:**
 - This product is intended for individuals 18 years and older. Ensure that younger individuals are supervised by a responsible adult when handling or using the product.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the workspace is clean and free of obstructions.
- Gather all necessary tools and components before starting the installation.

2. Installation Steps:

- **Remove the Factory Slide:** Unload the firearm and remove the factory slide according to the Glock® owner's manual.
- **Install the RMRCC Cut Slide:**
 - Align the RMRCC Cut Slide with the frame of the Glock® 48.
 - Gently slide it into place, ensuring that it fits snugly.
- **Install the Parts Kit:**
 - Follow the provided instructions in the parts kit to install the extractor, firing pin, and other components.
 - Ensure that each part is installed correctly to avoid malfunctions.
- **Check Compatibility:**
 - Verify that all installed parts are compatible with the Glock® 48 and adhere to factory specifications.

3. Usage:

- After installation, perform a function check to ensure that the firearm operates correctly.
- Test the firearm in a safe environment before regular use.
- Always wear appropriate eye and ear protection when firing.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of components in regular household waste. Check for local recycling programs for metal and plastic components.

Contact Information for Further Support

For any inquiries regarding the safety or use of the RMRCC Slide, Parts & Barrel Kit, please refer to the manufacturer's contact information provided with the product packaging.
