

BARREL VISE BUSHINGS - #2 (3/4") STEEL BARREL VISE BUSHING

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Vises & Accessories](#) > [Vise Accessories](#)

Extra Surface Area Gives Tremendous Power To Clamp Hold & Even The Tightest Barrel

Aluminum, split barrel bushings come in eight different hole sizes and one, special, pre-machined bushing to make this universal Barrel Vise system the very first choice of professional gunsmiths. Steel Bushings provide years of service, plus have the necessary clamping power to break loose the tightest barrels. Aluminium Bushings give exceptional holding ability without marking your barrel. Solid Bushings - Solid bushings that have NOT been split so you can alter them as you want.

Safety Instruction Guide for BARREL VISE BUSHINGS #2 (3/4") STEEL BARREL VISE BUSHING

Introduction

Thank you for choosing the BARREL VISE BUSHINGS #2 (3/4") STEEL BARREL VISE BUSHING. This product is designed to assist in the secure handling of barrels during gunsmithing tasks. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that all users are familiar with the product and its intended use.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the product.
- Keep the work area clean and welllit to avoid accidents.
- Store the bushings in a safe place, out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for signs of wear or damage before use.
- Do not use the bushings for any purpose other than what they are designed for.

Specific Safety Precautions for Use

- Avoid using the bushings on barrels that are excessively rusted or damaged, as this may lead to accidents.
- Ensure the bushing is the correct size for the barrel being worked on to prevent slippage or damage.
- Do not exceed the recommended clamping force when using the bushings to avoid damaging the barrel or the bushing itself.
- Always secure the workpiece properly in the vise before starting any work.
- If you are unsure about the correct usage, consult a professional gunsmith or refer to the manufacturer's guidelines.

Instructions for Installation and Usage

1. Selecting the Right Bushing:

- Identify the appropriate bushing size for your barrel. Refer to the product specifications for the available sizes.
- Ensure that the bushing fits snugly over the barrel without excessive force.

2. Installation:

- Place the bushing onto the barrel, ensuring it is aligned properly.
- Secure the bushing in place using the barrel vise. Apply gentle pressure to avoid damaging the bushing or barrel.

3. Using the Bushing:

- Once the bushing is securely in place, proceed with the intended work on the barrel.
- Monitor the pressure applied to ensure it remains within safe limits. Avoid overtightening.

4. After Use:

- Remove the bushing from the barrel once the work is complete.
- Clean the bushing and inspect it for any signs of wear or damage before storing.

Disposal Instructions

- Dispose of any damaged or unusable bushings in accordance with local regulations.
- Recycle materials where possible to minimize environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the BARREL VISE BUSHINGS #2 (3/4") STEEL BARREL VISE BUSHING, please refer to the product packaging or manufacturer's website for further assistance.

By following these guidelines, you can ensure a safe and effective experience while using the BARREL VISE BUSHINGS. Always prioritize safety and refer to this guide as needed. Thank you for your attention to these important safety practices.
