

FLAT FOR MAINSPRING HOUSING FOR 1911 - SS/FL FITS GC - 25 LPI CHECKERING

[Handgun Parts](#) > [Frame Parts](#) > [Mainspring Parts](#) > [Mainspring Housings](#)

Traditional Shapes Plus Different Surfaces Let Every Shooter Get Their Favorite Grip Feel

FLAT 1911 MAINSPRING HOUSING Classic and contemporary looking mainspring housings combine form and function, so there is no compromise in grip control even though they look great. Flat shaped housings are available with popular 25 lpi checkering preferred by many shooters, as well the latest Snakeskin, Chainlink, and Chainlink II patterns that provide a secure gripping surface without the “sharpness” of machine cut checkering. Because they won’t abrade your hand or clothing, they make the perfect addition to competition, carry, and tactical guns. Some Chainlink models are also available with an integral lanyard loop for attaching a weapon retention device. Blank models are completely smooth to allow custom checkering or engraving and are available in flat shapes. Also available for the Officer’s model in both blued and stainless steel with 25 lpi checkering. Specifications: Steel, blued or stainless steel (SS) natural finish. The Government Model housing features drop-in installation in all full-size 1911 pistols including full size Para-Ordnance pistols such as the P-14 and P-16. All housings will work great with any finish or type of steel, including aluminum.

Safety Instruction Guide for FLAT Mainspring Housing for 1911

Introduction

Thank you for choosing the FLAT Mainspring Housing for your 1911 firearm. This product is designed to enhance the performance and aesthetics of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use, install, and dispose of this product safely.

General Safety Guidelines

- Ensure that the mainspring housing is compatible with your specific model of the 1911.
- Always handle firearms with care and follow all local laws and regulations regarding firearm safety.
- Inspect the mainspring housing for any damage before installation. Do not use if damaged.
- Store the product in a safe place, away from children and unauthorized users.
- Regularly check for any recalls or safety alerts related to your product on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Avoid using the mainspring housing in conditions that may cause excessive wear or damage, such as extreme temperatures or exposure to moisture.
- Do not attempt to modify or alter the mainspring housing beyond its intended use.
- Ensure that your hands are dry and clean when handling the mainspring housing to maintain grip and control.
- Be aware of the sharp edges that may be present after installation; handle with care to avoid injury.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a screwdriver and any other required items.

2. Installation Steps:

- Remove the existing mainspring housing from the firearm by unscrewing it from the frame.
- Align the FLAT mainspring housing with the frame of the 1911.
- Securely fasten the mainspring housing to the frame using the appropriate screws.
- Ensure the housing is properly seated and does not move or wobble.

3. PostInstallation Check:

- After installation, check the functionality of the firearm to ensure that it operates correctly with the new mainspring housing.
- Test the grip and feel of the firearm to ensure comfort and control.

4. Usage:

- When using the firearm, maintain proper grip and control to ensure safe operation.
- Regularly inspect the mainspring housing for signs of wear or damage during use.

Disposal Instructions

- Dispose of any packaging materials responsibly, ensuring they are recycled or discarded according to local regulations.
- If the mainspring housing becomes damaged beyond repair, dispose of it in accordance with local waste management guidelines.
- Do not throw the product in household waste; check for local hazardous waste disposal options if necessary.

Contact Information for Further Support

For any safety inquiries or further support regarding your FLAT Mainspring Housing, please refer to the manufacturer's website or customer service resources.
