Safety Instruction Guide for AR .308 5/8" Crush Washer

Introduction

Thank you for choosing the AR .308 5/8" Crush Washer from Yankee Hill Machine Co., Inc. This product is designed to ensure the precise alignment of flash suppressors and other muzzle accessories on ARstyle .308 rifles. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the crush washer for any signs of damage or wear before installation.
- Keep this product out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding firearms and accessories.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

• Potential Hazards:

- Improper installation may lead to misalignment of muzzle accessories, which can affect performance and safety.
- Using a damaged or worn crush washer may result in failure during operation.

• Avoiding Hazards:

- Always ensure that the crush washer is compatible with your specific muzzle device and rifle model.
- Do not force the crush washer into place; it should fit snugly without excessive pressure.
- If you are unsure about the installation process, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure your ARstyle .308 rifle is unloaded and pointed in a safe direction.
- Gather the necessary tools, including a torque wrench, if required for your muzzle device.

2. Installation Steps:

- Remove the existing muzzle device from your rifle, if applicable.
- Inspect the threaded muzzle for any debris or damage.
- Place the crush washer onto the threaded muzzle with the tapered side facing the muzzle device.
- Align the muzzle device with the crush washer and the threaded muzzle.
- Handtighten the muzzle device onto the threads to ensure proper alignment.
- Use a torque wrench to tighten the muzzle device to the manufacturer's specifications, ensuring the crush washer is compressed adequately.

3. PostInstallation Check:

- After installation, check for any movement or misalignment of the muzzle device.

- Ensure that there are no gaps between the muzzle device and the crush washer.

Disposal Instructions

- Dispose of the crush washer responsibly.
- If the product is damaged or no longer needed, it should be disposed of in accordance with local regulations regarding metal waste.
- Do not dispose of the crush washer in household waste; consider recycling options if available.

Contact Information for Further Support

For any inquiries regarding safety or product information, please contact the manufacturer directly. All products must have an EU-based contact for safety inquiries.

Thank you for your attention to these safety instructions. Your adherence to these guidelines ensures not only your safety but also the proper functioning of your AR .308 rifle and its accessories.
