# **Safety Instruction Guide for .720 Standard Thread Protector 5/824 and .725 Standard Thread Protector 5/824**

## **Introduction**

Thank you for choosing the .720 Standard Thread Protector and the .725 Standard Thread Protector by Yankee Hill Machine Co., Inc. These thread protectors are designed to prevent damage to your rifle's muzzle threads and crown. This guide provides essential safety information and instructions to ensure safe and effective use of the product.

## **General Safety Guidelines**

- Always read and understand the instructions before using the product.
- Ensure that the thread protector is compatible with your rifle's muzzle threads.
- Inspect the thread protector for any signs of damage before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Verify that the thread protector is properly threaded onto the muzzle before use.
- Do not force the thread protector onto the threads; this may cause damage.
- Avoid using the thread protector in wet or slippery conditions to prevent accidents.
- Do not use the thread protector if it shows signs of wear, such as cracks or deformities.
- When removing the thread protector, ensure that the muzzle is pointed in a safe direction.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure that the rifle is unloaded and pointed in a safe direction.
- Clean the muzzle threads to remove any debris or dirt.
- Align the thread protector with the muzzle threads.
- Gently screw the thread protector onto the muzzle by turning it clockwise.
- Use the knurled exterior to grip the protector for better control.
- Tighten it securely, but do not overtighten to avoid damaging the threads.

### **2. Usage:**

- The thread protector can be left on during storage to protect the muzzle.
- Always check that the protector is securely attached before handling the rifle.
- If necessary, remove the thread protector by turning it counterclockwise.

### **3. Removal:**

- Ensure the rifle is unloaded and pointed in a safe direction.
- Grasp the knurled exterior of the thread protector for a firm grip.
- Turn the thread protector counterclockwise to remove it from the muzzle.
- Store the thread protector in a safe location when not in use.

## Disposal Instructions

- Dispose of the thread protector according to local regulations.
- Do not throw the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling options if available.

## Contact Information for Further Support

For any safety inquiries or support, please contact the manufacturer directly. Ensure that you have the product information ready when reaching out for assistance.

By following these guidelines, you can ensure the safe and effective use of your .720 and .725 Standard Thread Protectors. Thank you for prioritizing safety in your shooting activities.
