# PISTOL THREAD PROTECTORS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the PISTOL THREAD PROTECTORS by YANKEE HILL MACHINE CO., INC. This guide provides essential safety information to ensure the safe and effective use of your product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is used in accordance with all local laws and regulations.
- Always inspect the thread protector for damage before use. Do not use if damaged.
- Keep the thread protector out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose, which is to protect the threads of your pistol barrel.
- If you experience any issues or have concerns about the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Risk of Damage:** The thread protector is designed to prevent damage to the barrel threads. Ensure that it is securely attached when not using a muzzle device.
- **Installation Hazards:** Improper installation can lead to damage. Follow installation instructions carefully.
- **Removal Hazards:** When removing the thread protector, be cautious of sharp edges. Use appropriate tools if necessary.
- **Environmental Factors:** Avoid exposing the thread protector to extreme temperatures or harsh chemicals, which may affect its integrity.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your pistol is unloaded and safe to handle.
- Gather necessary tools, such as a wrench or pliers, if needed.

### 2. Installation:

- Align the thread protector with the threads of the pistol barrel.
- Handtighten the protector onto the barrel until snug. Do not overtighten, as this may cause damage.
- If necessary, use a wrench to secure it further, but avoid excessive force.

### 3. Usage:

- Always check that the thread protector is securely in place before transporting or storing your firearm.
- When switching muzzle devices, remove the thread protector carefully to prevent damage to the threads.

### 4. Removal:

- To remove the thread protector, turn it counterclockwise.

- If it is difficult to remove, use a wrench but ensure not to apply excessive force.

## **Disposal Instructions**

- Dispose of the thread protector according to your local waste management regulations.
- If the product is damaged or no longer needed, ensure it is disposed of in a way that prevents accidental use by others.

## **Contact Information for Further Support**

For any questions or concerns regarding the PISTOL THREAD PROTECTORS, please consult the manufacturer's website or contact their customer service for assistance.

By following these guidelines, you can ensure the safe and effective use of your PISTOL THREAD PROTECTORS. Thank you for your attention to safety.
