ONE SHOT ULTRASONIC CARTRIDGE CASE FORMULA

Safety Instruction Guide

Introduction

Thank you for choosing the ONE SHOT ULTRASONIC CARTRIDGE CASE FORMULA by Hornady. This product is specially designed to clean brass cartridge cases effectively and safely. To ensure your safety and the best results, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always store the product out of reach of children and pets.
- Use the product only as directed and for its intended purpose.
- Ensure adequate ventilation when using the product.
- Avoid contact with skin and eyes. If contact occurs, rinse thoroughly with water and seek medical attention if necessary.
- Do not ingest the product. If swallowed, seek medical assistance immediately.
- Report any unsafe product incidents or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Wear protective gloves and goggles when handling the product.
- Do not mix this product with other cleaning agents or chemicals.
- Ensure that the ultrasonic cleaner is used in accordance with the manufacturer's instructions.
- Do not use the product near open flames or high heat sources.
- Avoid inhaling vapors. If you experience dizziness or irritation, move to an area with fresh air.

Instructions for Installation and Usage

1. Preparation

- Ensure that the ultrasonic cleaner is clean and free from any previous residues.
- Fill the ultrasonic cleaner's tank with water according to the manufacturer's instructions.

2. Mixing the Solution

- Pour the ONE SHOT ULTRASONIC CARTRIDGE CASE FORMULA into the water tank at the recommended ratio (refer to the product label for specific details).
- Stir the solution gently to ensure it is well mixed.

3. Cleaning the Brass Cases

- Place the brass cases into the ultrasonic cleaner's basket, ensuring they are not overcrowded.
- Close the lid of the ultrasonic cleaner securely.
- Set the timer and temperature according to the ultrasonic cleaner's specifications and the manufacturer's recommendations.

4. PostCleaning

- After the cleaning cycle is complete, carefully remove the basket from the ultrasonic cleaner.
- Rinse the brass cases thoroughly with clean water to remove any residual cleaning solution.
- Allow the cases to dry completely before using or storing them.

Disposal Instructions

- Dispose of any unused product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Contact your local waste disposal authority for guidance on safe disposal methods.

Contact Information for Further Support

For any inquiries regarding the product, please contact the manufacturer's customer support team or refer to the product packaging for further assistance.

By following these guidelines, you can ensure the safe and effective use of the ONE SHOT ULTRASONIC CARTRIDGE CASE FORMULA. Thank you for your attention to safety!
