Safety Instruction Guide for MOE® Grip Panels for 1911 Full Size

Introduction

Thank you for choosing the MOE® Grip Panels for your 1911 Full Size. These grip panels are designed to enhance the handling and performance of your firearm while ensuring safety and comfort during use. This guide provides essential safety instructions and guidelines to help you use this product responsibly and effectively.

General Safety Guidelines

- Always handle firearms with care and ensure they are pointed in a safe direction.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Keep the grip panels free from dirt and debris to maintain their effectiveness.
- Regularly inspect the grip panels for any signs of wear or damage before each use.
- Ensure that the firearms are unloaded when installing or removing the grip panels.
- Use the grip panels only with standard grip screw bushings compatible with fullsize framed 1911s.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to grip failure, affecting control of the firearm.
 - Slippery surfaces can lead to loss of grip during handling.
- **Avoiding Hazards:**
 - Ensure that the grip panels are securely attached before use.
 - Do not attempt to modify or alter the grip panels, as this may compromise their safety and functionality.
 - Use caution when gripping the firearm, especially during rapid movements or adverse conditions.
- **AgeSpecific Warnings:**
 - These grip panels are intended for use by individuals who are legally permitted to handle firearms. Ensure that minors are supervised when in the presence of firearms.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools, including a screwdriver compatible with the grip screws.

2. Removing Old Grip Panels:

- Carefully remove the screws securing the old grip panels using the screwdriver.
- Gently lift off the old grip panels.

3. Installing New Grip Panels:

- Align the new MOE® Grip Panels with the grip screw bushings on the firearm.
- Securely attach the grip panels by inserting and tightening the screws. Do not overtighten to avoid damaging the panels.

Usage Instructions

- Once installed, hold the firearm firmly by gripping the MOE® Grip Panels.
- Ensure your hand is positioned correctly to take advantage of the antislip texture.
- Practice proper shooting stance and grip techniques for optimal control and safety.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If the grip panels are damaged beyond repair, dispose of them in accordance with local waste disposal regulations.
- Do not incinerate plastic materials, as they may release harmful substances.

Contact Information for Further Support

For any inquiries or concerns regarding the MOE® Grip Panels, please contact the manufacturer directly. Ensure that you have the product details ready for a more efficient response.

Thank you for ensuring your safety and the safety of others while using the MOE® Grip Panels for 1911 Full Size. Your responsible handling of firearms contributes to a safer environment.
