

# TRIM-IT II CASE TRIMMER - ACT COLEMAN TRIM-IT II MICROMETER TRIMMER BODY & CUTTER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The TRIM-IT II mounts to any standard drill or drill press, making your case trimming faster and a whole lot easier. The adjustable 3-way cutter features a 3-sided carbide blade that allows you to trim, chamfer, and de-burr virtually any caliber of rifle or pistol brass. It features a built-in micrometer that allows for supremely accurate cut-length control and quick adjustability. The TRIM-IT II is not caliber specific, interchangeable dies are available but sold separately.

# TRIMIT II Case Trimmer Safety Instructions

## Introduction

Thank you for choosing the TRIMIT II Case Trimmer by ACT COLEMAN. This product is designed to make case trimming faster and easier while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the TRIMIT II safely and effectively.

## General Safety Guidelines

- Always ensure that the TRIMIT II is securely mounted to a standard drill or drill press before use.
- Keep the work area clean and free from clutter to prevent accidents.
- Use personal protective equipment (PPE) such as safety glasses and gloves to protect against debris and sharp edges.
- Ensure that children and pets are kept at a safe distance while operating the trimmer.
- Familiarize yourself with the tool's components and functions before use.
- Regularly inspect the tool for any signs of wear or damage before each use.
- Follow all local regulations and guidelines regarding the use of power tools.

## Specific Safety Precautions for Use

- Do not operate the TRIMIT II if you are tired, distracted, or under the influence of drugs or alcohol.
- Always keep hands and fingers away from the cutter and moving parts while in operation.
- Do not attempt to modify the TRIMIT II in any way. Use only the parts and accessories specified by the manufacturer.
- If the cutter becomes dull or damaged, stop using the tool immediately and replace the cutter before proceeding.
- Be cautious of brass shavings and debris that may be produced during trimming. Clean the area after use to avoid slips or falls.
- If you experience any malfunction or unusual noise during operation, stop immediately and inspect the tool.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the TRIMIT II to your drill or drill press according to the manufacturer's instructions.
- Ensure the cutter is properly installed and tightened.
- Adjust the micrometer to the desired cut length before starting.

### 2. Usage:

- Turn on the drill or drill press at a low speed to begin trimming.
- Gradually feed the brass case into the cutter, maintaining a steady and controlled motion.
- After trimming, turn off the drill or drill press and remove the brass case.
- Inspect the trimmed case for any burrs or sharp edges and deburr if necessary.

## Disposal Instructions

- Dispose of any brass shavings and debris in accordance with local regulations.
- When the TRIMIT II reaches the end of its life cycle, dispose of it responsibly. Consider recycling components where possible.
- Do not dispose of the tool in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the TRIMIT II Case Trimmer, please contact the manufacturer's customer support. Ensure you have the product details ready for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your TRIMIT II Case Trimmer. Thank you for your attention to safety!
