

RAPID RACK AR-15

[Shooting Accessories](#) > [Training & Safety Gear](#) > [Chamber Safety Flags](#)

The Hornady® Rapid Rack™ is an empty chamber indicator that also operates as a load assist device for law enforcement officers or those who prefer to keep their long gun ready with a fully charged magazine and an empty chamber. To use the Rapid Rack™ simply insert the cartridge-shaped portion of the Rapid Rack™ into the (unloaded and safe*) firearm's chamber leaving the colored lever sticking out of the ejection port. Close the bolt allowing the extractor to grasp the extractor groove on the head of the Rapid Rack™, then insert a loaded magazine. The visible colored lever visually displays that the chamber is empty. To "make ready", simply shoulder the firearm, grab the lever and pull straight back and allow the Rapid Rack™ to fall to the ground as the now fully charged bolt springs forward to feed a round into the chamber. Users that prefer to charge their firearm normally are free to do so as the Rapid Rack™ will not interfere with standard operation. On the range, on patrol, or at home, you can go from condition 3 to locked and loaded in less than a second. Just grip it and rip it with the Hornady® Rapid Rack™. Fast and intuitive load assist device Visual empty chamber indicator Constructed of hardened aluminum and reusable Firearm is LOADED after discharge of Rapid Rack™

Attributes

RAPID RACK Safety Instruction Guide

Introduction

Thank you for choosing the Hornady® Rapid Rack™. This product is designed as an empty chamber indicator and a load assist device for law enforcement officers and firearm users. It allows for quick readiness of your long gun while ensuring safety by indicating an empty chamber. Please read this safety instruction guide carefully to ensure safe and effective use of the Rapid Rack™.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure the firearm is unloaded and safe before using the Rapid Rack™.
- Keep the Rapid Rack™ out of reach of children and unauthorized users.
- Familiarize yourself with your firearm's manual before using the Rapid Rack™.
- Always follow local laws and regulations regarding firearm usage and safety.
- Regularly inspect the Rapid Rack™ for any signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Only use the Rapid Rack™ with compatible firearms.
- Do not use the Rapid Rack™ if the firearm is loaded.
- Ensure the colored lever is visible outside the ejection port before closing the bolt.
- Do not attempt to force the Rapid Rack™ into the chamber if it does not fit easily.
- Always ensure that you are in a safe environment when using the Rapid Rack™.
- Avoid using the Rapid Rack™ in the presence of others unless necessary and safe to do so.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and in a safe condition.
- Have a loaded magazine ready for use.

2. Inserting the Rapid Rack™:

- Insert the cartridgeshaped portion of the Rapid Rack™ into the firearm's chamber.
- Ensure that the colored lever is sticking out of the ejection port.

3. Closing the Bolt:

- Gently close the bolt, allowing the extractor to grasp the extractor groove on the head of the Rapid Rack™.

4. Loading the Firearm:

- Insert a loaded magazine into the firearm.
- The visible colored lever will indicate that the chamber is empty.

5. Making Ready:

- Shoulder the firearm and grasp the lever.
- Pull straight back on the lever and allow the Rapid Rack™ to fall to the ground.
- The bolt will spring forward, feeding a round into the chamber.

6. Charging Normally:

- Users who prefer to charge their firearm in a traditional manner may do so without interference from the Rapid Rack™.

Disposal Instructions

- Dispose of the Rapid Rack™ in accordance with local waste disposal regulations.
- Do not incinerate or dispose of the Rapid Rack™ in a manner that may harm the environment.
- If damaged, ensure that the Rapid Rack™ is disposed of safely to prevent accidental use.

Contact Information for Further Support

For any inquiries or support regarding the Rapid Rack™, please refer to the manufacturer's contact details provided with your product. Always ensure you follow the appropriate channels for safety concerns or product issues.

By following these guidelines and instructions, you can ensure the safe and effective use of the Hornady® Rapid Rack™. Thank you for prioritizing safety in your firearm practices.
