

AR-15 TALON SAFETY SELECTOR AMBIDEXTROUS - RADIAN WEAPONS AR-15 TALON SAFETY SELECTOR AMBIDEXTROUS BLACK

[Rifle Parts](#) > [Safety Parts](#) > [Safeties](#)

The Radian Weapons (formerly AXTS) Talon™ ambidextrous safety selector is a modular design that can be installed as a standard 90° or as a 45° short throw by simply rotating the shaft 180° inside the lower receiver. Selector levers install using a precision machined dovetail interface with spring-loaded retention stud to lock the lever in place – no screws to come loose or break. The Talon is compatible with most semi-automatic AR15 & AR10/SR25-pattern rifles. Patent pending. Designed & Manufactured in the USA 2-Lever Combo: Short + Long Levers Machined from Billet 7075-T6 Aluminum w/ Milspec Type 3 Hard Coat Anodized Finish or Cerakote Center Shaft Machined from Hardened Steel w/ Black Nitride Finish

AR15 Talon Safety Selector Ambidextrous User Manual

Introduction

Thank you for choosing the Radian Weapons AR15 Talon Safety Selector. This ambidextrous safety selector is designed for ease of use and enhanced safety features. This manual provides essential safety guidelines, installation instructions, and usage information to ensure safe operation of your product.

General Safety Guidelines

- Always ensure the firearm is unloaded before installing or adjusting the safety selector.
- Do not attempt to modify or disassemble the safety selector beyond the provided installation instructions.
- Keep the safety selector free from dirt, debris, and moisture to ensure proper function.
- Regularly inspect the safety selector for wear and tear. Replace if any damage is found.
- Always follow the manufacturer's instructions and guidelines for safe firearm handling and operation.
- Store the firearm in a secure location, out of reach of children and unauthorized users.

Specific Safety Precautions for Use

- Ensure that the safety selector is fully engaged in the "Safe" position when the firearm is not in use.
- Only switch to the "Fire" position when you are ready to shoot and have identified your target.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times.
- Use the safety selector only as intended; do not force it into position.
- If you experience any resistance when operating the safety selector, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Prepare the Firearm:

- Ensure the firearm is completely unloaded and in a safe condition.
- Remove the lower receiver from the upper receiver if necessary.

2. Select the Angle:

- Determine if you want to install the safety selector at a standard 90° or a 45° short throw.
- Rotate the shaft 180° inside the lower receiver to change the angle.

3. Install the Selector Levers:

- Use the precision machined dovetail interface to install the selector levers.
- Insert the springloaded retention stud to lock the lever in place. Ensure it is secure without the need for screws.

4. Test Functionality:

- After installation, test the safety selector to ensure it operates smoothly between the "Safe" and "Fire" positions.
- Confirm that the selector lever is firmly locked in place.

Usage

- To engage the safety, push the selector lever to the "Safe" position.
- To disengage the safety, push the selector lever to the "Fire" position.
- Always verify the status of the safety selector before handling the firearm.

Disposal Instructions

- Dispose of the safety selector in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling programs specific to firearms accessories in your area.

Contact Information for Further Support

For any questions or concerns regarding the AR15 Talon Safety Selector, please consult the manufacturer's website or reach out to your local dealer for assistance.

Thank you for prioritizing safety and responsible firearm ownership. Enjoy your shooting experience with the Radian Weapons AR15 Talon Safety Selector.
