

AIMPOINT MICRO NVG HIGH RISE MOUNT W/1913 RAIL - KNIGHTS ARMAMENT AIMPOINT MICRO NVG HIGH RISE MOUNT W/1913 RAIL

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

Helps You Get the Most from Your Aimpoint Red Dot

The Knight's Armament Aimpoint Micro NVG High Rise Mount gets your Micro red dot sight up high enough on your rifle so you can see it through your night vision goggles or gas mask. It also raises the Aimpoint so lights, lasers, and other accessories mounted on your weapon's handguard won't obstruct your sight picture. Even without the other gear, the High Rise enables a comfortable, heads-up shooting position, so you don't have to crowd the receiver to see the target. But that's not all! Knight's Armament set up their Aimpoint Micro NVG High Rise mount to push the boundaries of tactical utility even further: you can also continue to see your "iron" sights through the mount. Mounts to MIL-STD 1913 Picatinny rail with steel cross-bolts & hex nuts Compact: 4.3" OAL Puts center point of Aimpoint Micro 2.33" above the receiver rail Machined aluminum with tough, black hardcoat anodized finish The Aimpoint Micro NVG High Rise mount also includes a section of Picatinny rail at its rear for mounting a magnifier, further enhancing your Micro's capabilities.

Safety Instruction Guide for Aimpoint Micro NVG High Rise Mount

Introduction

Thank you for choosing the Aimpoint Micro NVG High Rise Mount by Knight's Armament. This guide provides essential safety instructions to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). It is important to read and understand these instructions before using the product.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in this manual.
- Always inspect the mount and your equipment for any damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates regularly through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the mount is securely attached to the MILSTD 1913 Picatinny rail before use.
- Do not exceed the specified weight limit for accessories mounted on the rail.
- Avoid using the mount in extreme weather conditions that may affect performance.
- Be cautious when adjusting the mount to prevent pinching or injury.
- Always wear appropriate eye protection when using firearms and related equipment.

Instructions for Installation and Usage

Installation

1. **Inspect the Mount:** Before installation, check for any visible damage or defects.
2. **Prepare the Rail:** Ensure the MILSTD 1913 Picatinny rail on your firearm is clean and free of debris.
3. **Attach the Mount:**
 - Align the mount onto the Picatinny rail.
 - Use the provided steel crossbolts and hex nuts to secure the mount.
 - Tighten the bolts evenly to ensure stability without overtightening.
4. **Check Alignment:** Ensure the Aimpoint Micro is positioned correctly above the receiver rail, with the center point 2.33 inches above.

Usage

1. **Adjust the Mount:** If necessary, adjust the height to ensure a comfortable shooting position.
2. **Check Compatibility:** Ensure that any additional accessories (lights, lasers) do not obstruct your sight picture.
3. **Utilize Iron Sights:** When using the mount, you can still view your "iron" sights for improved targeting.
4. **Regular Maintenance:** Periodically check the mount for any signs of wear or looseness and tighten as necessary.

Disposal Instructions

- Dispose of the mount and packaging materials in accordance with local regulations.
- Do not dispose of the product in household waste. Check for designated electronic waste disposal facilities in your area.

Contact Information for Further Support

For further assistance and inquiries regarding safety, please refer to the manufacturer's contact information provided with your purchase.

Thank you for ensuring a safe and effective experience with your Aimpoint Micro NVG High Rise Mount.
