## Strength of a Machined Receiver With Universal Fit of a Forged Lower

Aero Precision's M4E1 Stripped Lower Receiver delivers the strength and unique looks of a billet machined lower, with the lower cost, lighter weight, and easy parts compatibility of a forged lower. The M4E1 starts as an "enhanced" forging from extra-strong 7075 T6 aluminum that is precision machined to final dimensions for compatibility with all standard "mil-spec" AR-15 parts. As a bonus, the good-looking M4E1 has a streamlined profile, without the chunky appearance of many milled lowers. Actually, the Aero Precision M4E1 Stripped Lower Receiver is not quite "stripped." Extra benefits include an integral triggerguard, which creates a more rigid, structurally sound receiver than a standard AR-15 lower, and also eliminates the risk of accidentally breaking off a triggerguard tab when working on the rifle. The enlarged triggerguard opening gives extra clearance so you can easily operate the trigger when wearing gloves. The M4E1 comes with an easy-to-install threaded bolt catch roll pin that eliminates the risk of damaging the lower's finish during installation (OK, you may be able to still do damage, but you'll have to work hard at it!). Other features of the Aero Precision M4E1 stripped lower include: Flared magwell opening facilitates fast, one-shot mag changes Threaded takedown pin detent recess for easy buffer removal without chasing down a flyaway detent! Accepts standard mil-spec AR-15 fire control components, pistol grip, buffer tubes & stocks Hardcoat anodized to resist surface wear, in Matte Black or Cerakote™ Flat Dark Earth The Aero Precision M4E1 Stripped Lower Receiver even has a polymer-tipped tensioning screw nestled in the grip tang that you can adjust for a tight, rattle-free fit with the upper receiver. All the benefits of a custom machined lower without the downside!

## Attributes

- Name: [AERO PRECISION M4E1 STRIPPED LOWER RECEIVER FOR AR-15 BLACK](#)
- Manufacturer: [AERO PRECISION](#)
- Product no.: 100026146
- Mfr. No.: APAR600001C
- Cartridge: 5.56 mm NATO
- Colour: Black
- Finish: Anodized
- Style: Enhanced
- Weapon type: AR-15
- Delivery weight: 0.249kg
- Shipping height: 57mm
- Shipping width: 108mm
- Shipping length: 229mm
- UPC: 815421022315

## Item details

Made in USA

US export classification: 0A509.b

# Safety Instruction Guide for AR15 M4E1 Stripped Lower Receiver

## Introduction

Thank you for choosing the Aero Precision M4E1 Stripped Lower Receiver. This guide provides essential safety instructions to ensure the safe use and installation of your product. Please read this guide carefully before handling or using the lower receiver.

## General Safety Guidelines

- Ensure that you are familiar with the operation of firearms and their components before use.
- Always handle firearms with care and treat them as if they are loaded.
- Store the lower receiver and any associated components in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the lower receiver for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm ownership and usage.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only compatible parts and accessories specifically designed for AR15 platforms to avoid malfunctions.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Ensure that the triggerguard is properly installed to prevent accidental discharge.
- Be cautious when adjusting the polymertipped tensioning screw to avoid pinching your fingers.
- Do not modify the lower receiver or its components in ways not recommended by the manufacturer.

## Instructions for Installation and Usage

### 1. Installation of the Lower Receiver:

- Ensure the workspace is clean and free of obstructions.
- Gather all necessary tools, including a torque wrench and appropriate screws.
- Align the lower receiver with the upper receiver, ensuring a snug fit.
- Use the threaded bolt catch roll pin provided for installation, following the manufacturer's instructions to avoid damaging the finish.
- Tighten the polymertipped tensioning screw until a tight fit is achieved.

### 2. Usage of the Lower Receiver:

- After installation, conduct a function check to ensure all parts operate correctly.
- Load ammunition only when ready to shoot and in a controlled environment.
- Always keep your finger off the trigger until ready to fire.
- If using gloves, ensure that the enlarged triggerguard opening allows for easy operation of the trigger.

## Disposal Instructions

- Dispose of the lower receiver and any associated components in accordance with local regulations.
- Do not dispose of the lower receiver in regular household waste.
- If the product is damaged beyond repair, contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Aero Precision M4E1 Stripped Lower Receiver, please refer to the contact information provided on the packaging or product documentation.

## Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your Aero Precision M4E1 Stripped Lower Receiver. Always prioritize safety and adhere to best practices when handling firearms. Thank you for your attention and safe shooting!
