

TACTILE LOCK-PLATE 5-PACKS - TACTILE LOCK-PLATE TYPE 1 GRAY 5-PACK

[Magazines](#) > [Rifle Magazines](#) > [Magazine Parts](#) > [Magazine Floor Plates & Extensions](#)

Identify Different Magazines By Touch The Magpul Tactile Lock-Plate fits Gen M3 PMAGs to enable you to quickly and easily identify magazines by feel - no need to take your eyes off the target. The Tactile Lock-Plate replaces the standard Gen M3 lock plate to provide raised knobs that protrude 1/8" through the floor plate and help you ID mags loaded with different types of ammo simply by feel. Magpul's Tactile Lock-Plate comes in Type 1 (single knob) or Type 2 (two knob) configurations. By combining the two types with a standard smooth floor plate, you can easily differentiate between mags loaded with, for example, ball, tracer, or subsonic ammo just by feel. Excellent for chest mounted mag pouches Knobs are tall enough (1/8") to be easily detected with gloved hand Has no effect on magazine reliability or performance Reinforced molded hard polymer, just like original PMAG lock plate Available in Black or Gray Sold in a pack of 5 The Tactile Lock Plate is easy to install: just disassemble your mag as you do for cleaning, and reassemble with Tactile Lock Plate. Brownells Gun Tech™ Note: Magpul Tactile Lock Plates fit standard 10-, 20- and 30-round PMAG® Gen M3™, and PMAG® AR 300B Gen M3™ magazines. Does NOT fit 40-round PMAG® 40 Gen M3™ or PMAG® LR/SR Gen M3™.

TACTILE LOCKPLATE 5PACK Safety Instruction Guide

Introduction

Thank you for choosing the TACTILE LOCKPLATE 5PACK. This product is designed to enhance your magazine identification process, allowing you to differentiate between magazines by touch. Please read this safety instruction guide carefully to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the Tactile LockPlate is compatible with your Gen M3 PMAGs before installation.
- Always handle magazines with care to prevent accidents.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Tactile LockPlate for wear or damage.
- Report any unsafe product incidents to the relevant authorities.

Specific Safety Precautions for Use

- Always use the Tactile LockPlate as intended and follow the installation instructions.
- Do not attempt to modify or alter the Tactile LockPlate.
- Ensure that the knobs are securely attached to avoid any risk of detachment during use.
- Do not use the Tactile LockPlate on magazines that are not compatible with the product.
- Wear gloves when handling magazines to ensure a better tactile experience and avoid injury.

Instructions for Installation and Usage

1. Disassemble Your Magazine:

- Remove the floor plate from your PMAG as you would during cleaning.

2. Install the Tactile LockPlate:

- Replace the standard Gen M3 lock plate with the Tactile LockPlate.
- Ensure the raised knobs are properly positioned and secure.

3. Reassemble Your Magazine:

- Once the Tactile LockPlate is in place, reassemble the magazine by attaching the floor plate back onto the magazine body.

4. Testing:

- After installation, test the Tactile LockPlate by feeling the knobs to ensure they are detectable while wearing gloves.

5. Identification:

- Use the Tactile LockPlate to identify magazines loaded with different types of ammunition by touch.

Disposal Instructions

- Dispose of the Tactile LockPlate in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options if available.

Contact Information for Further Support

For any inquiries regarding the Tactile LockPlate, please refer to the manufacturer's contact information provided on the packaging or visit the official website for further assistance.

Thank you for your attention to these safety guidelines. Enjoy the benefits of your TACTILE LOCKPLATE 5PACK while prioritizing safety and compliance.
