

7MM WSM UNPRIMED BRASS CASE - 7MM WSM BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

At Hornady brass is the foundation for what could be the most memorable shot of your lifetime. Extra time and care is taken in the creation of their cases, producing smaller lots that meet strict quality standards. Hornady 7mm Winchester Short Magnum (WSM) cases offer reloaders excellent uniformity in wall thickness, weight and internal capacity. They measure for consistently tight wall concentricity and even run their cases through a pressure calibration test to ensure uniform case expansion during firing. Their cases allow proper seating of the bullet, not only in the case, but in the chamber as well. High quality brass contributes to consistent charges and pressures.

Attributes

- Name: [7MM WSM BRASS 50/BOX](#)
- Manufacturer: [HORNADY](#)

Safety Instruction Guide for 7MM WSM UNPRIMED BRASS CASE

Introduction

Thank you for choosing the Hornady 7MM WSM Unprimed Brass Case. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow the guidelines carefully to protect yourself and others.

General Safety Guidelines

- Ensure safe handling of all brass cases, including during storage, reloading, and shooting.
- Be aware of potential risks associated with handling ammunition components.
- Follow all safety regulations and guidelines applicable to firearms and ammunition in your region.
- Use only in accordance with the manufacturer's specifications and recommendations.
- Keep out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Always wear safety glasses when reloading or handling brass cases.
- Use gloves to avoid skin contact with any chemicals or residues.
- Ensure that your workspace is wellventilated when reloading.
- Do not use damaged or deformed brass cases.
- Store brass cases in a cool, dry place to prevent corrosion.
- Inspect each case for defects before use.
- Follow the specific reloading data provided by the bullet manufacturer.

Instructions for Installation and Usage

• Preparation:

- Wash your hands before handling brass cases.
- Gather all necessary tools and components for reloading.

• Reloading Process:

1. Inspect the brass cases for any signs of damage or wear.
2. Clean the brass cases thoroughly to remove any dirt or residue.
3. Resize the cases as necessary to ensure proper fit in the chamber.
4. Prime the cases using appropriate primers designed for the 7MM WSM.
5. Measure and add the correct amount of powder as per the reloading manual.
6. Seat the bullet firmly into the case mouth, ensuring proper alignment.
7. Check the overall length of the loaded cartridge to ensure it meets specifications.

• Firing:

- Use only in firearms specifically designed for the 7MM WSM cartridge.
- Always follow the firearm manufacturer's guidelines for safe operation.
- Never point the firearm at anything you do not intend to shoot.

Disposal Instructions

- Dispose of any unused or defective brass cases in accordance with local regulations.
- Do not throw brass cases in regular trash; check for recycling options in your area.
- Ensure that all components are completely empty and safe before disposal.

Contact Information for Further Support

For any inquiries related to safety, product recalls, or further assistance, please refer to the contact details provided by the manufacturer or retailer where you purchased this product.

By following these safety instructions, you can ensure a safer experience while using the Hornady 7MM WSM Unprimed Brass Case. Always prioritize safety and stay informed about best practices in reloading and ammunition handling.
