# AMAX/ELDM Custom Bullet Seating Stems Safety Instruction Guide

## Introduction

Thank you for choosing the AMAX/ELDM Custom Bullet Seating Stems. This product is designed to ensure precise seating of Hornady AMAX and ELDM bullets using Hornady Custom Grade Dies. This guide provides important safety information, usage instructions, and disposal guidelines to help you use this product safely and effectively.

## General Safety Guidelines

- Always use the product as intended and in accordance with the manufacturer's recommendations.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Do not use the product if it appears damaged or if you suspect it may be unsafe.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that you are using the correct die for the AMAX and ELDM bullets.
- Avoid overtightening the seating stem, as this can damage bullets and affect performance.
- Do not mix different types of bullets in the same loading session to prevent crosscontamination.
- Always follow the recommended load data for your specific cartridges.
- Be aware of the potential for lead exposure when handling bullets. Wash hands thoroughly after use.
- Store bullets and reloading components in a secure, dry place away from heat sources.

## Instructions for Installation and Usage

### 1. Installation of the Seating Stem:

- Ensure that your Hornady Custom Grade Die is clean and free of debris.
- Remove the existing seating stem from the die by unscrewing it counterclockwise.
- Carefully insert the AMAX/ELDM Custom Bullet Seating Stem into the die and screw it in clockwise until snug. Do not overtighten.
- Check that the seating stem is properly aligned and securely in place.

### 2. Using the Seating Stem:

- Prepare your reloading workspace by ensuring it is clean and organized.
- Measure and prepare your brass cases according to standard reloading practices.
- Insert the prepared brass case into the die and adjust the seating depth as necessary.
- Place the bullet on top of the brass case and gently lower the seating stem onto the bullet.
- Apply smooth and even pressure to seat the bullet to the desired depth.
- Inspect the seated bullet to ensure it is seated correctly and without damage.

### 3. PostUse Care:

- After use, clean the seating stem and die to remove any residue or debris.
- Store the seating stem in a safe and dry location, preferably in its original packaging.

## **Disposal Instructions**

- Dispose of any damaged or unusable parts according to local regulations.
- Do not dispose of bullets or reloading components in regular household waste. Check for local hazardous waste disposal options.
- Ensure that all materials are disposed of safely to prevent environmental contamination.

## **Contact Information for Further Support**

For any questions regarding the use or safety of the AMAX/ELDM Custom Bullet Seating Stems, please refer to the manufacturer's website or contact your local distributor for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your reloading experience!
