# Safety Instruction Guide for UNIVERSAL LOADING BLOCK

## Introduction

Thank you for choosing the UNIVERSAL LOADING BLOCK. This product is designed to hold 50 cases and assist in the powder charging and inspection process. It is compatible with 223 Remington, 308 Winchester, and magnum case size heads, and can be used with the Hornady® Fast Load Powder Measure Stand. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the loading block out of reach of children and vulnerable individuals.
- Regularly inspect the loading block for any signs of wear or damage before use.
- If the product is damaged or shows signs of wear, discontinue use immediately.
- Always follow proper handling and storage procedures for ammunition components.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use the loading block on a stable and flat surface to prevent tipping or spillage.
- Avoid overloading the block beyond its capacity of 50 cases.
- Handle all ammunition and powder with care to prevent accidents.
- Wear appropriate safety gear, such as safety glasses and gloves, when handling ammunition components.
- Ensure that the area is wellventilated when charging powder.
- Do not leave the loading block unattended while in use.

## Instructions for Installation and Usage

### 1. Setting Up the Loading Block

- Place the loading block on a stable, flat surface.
- Ensure that the block is clean and free from any debris before use.

### 2. Loading Cases

- Insert the cases into the designated slots in the loading block.
- Make sure that the cases are securely held and do not wobble.

### 3. Charging Powder

- Use the Hornady® Fast Load Powder Measure Stand for accurate powder charging.
- Carefully measure the powder and pour it into the cases while they are held in the loading block.

### 4. Inspection

- After charging, inspect each case for proper powder levels and any irregularities.
- Ensure that there are no spills or leaks in the powder.

### 5. Storage

- After use, store the loading block in a cool, dry place away from direct sunlight.
- Keep the loading block in a secure location to prevent unauthorized access.

## **Disposal Instructions**

- Dispose of the loading block responsibly if it is damaged beyond repair.
- Follow local regulations for disposing of plastic products.
- Do not dispose of the loading block in fire, as it may release harmful substances.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the UNIVERSAL LOADING BLOCK, please refer to the manufacturer's contact details provided with the product packaging.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the UNIVERSAL LOADING BLOCK.
