

## 4X MAGNIFIER WITH LED LIGHTS - IGAGING 8X MAGNIFIER W/MAGNETIC BASE AND LED LIGHT

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Visors & Magnifiers](#)

Want to get a little bit closer look on that hard-to-see component before you install it in your gun? Add the iGaging 4X Magnifier to your work bench and keep it on-hand for those quick moments when you want to zoom in. The magnifier is equipped with several LED lights, which bring any object into clear view. The whole optic is attached to a 10-inch long flexible arm that's anchored to a base loaded with rare-earth magnets, so you can keep it attached to any metal surface with ease, allowing for hands-free use.

# Safety Instruction Guide for iGaging 4X Magnifier with LED Lights

## Introduction

Thank you for choosing the iGaging 4X Magnifier with LED Lights. This product is designed to help you closely examine small components, making your tasks easier and more efficient. To ensure your safety and the proper use of this product, please read this guide carefully before use.

## General Safety Guidelines

- Ensure the magnifier is used only for its intended purpose.
- Always inspect the product for any visible damage before use.
- Keep the magnifier out of reach of children to avoid accidents.
- Do not use the magnifier in wet or damp conditions to prevent electrical hazards.
- If any part of the magnifier is damaged, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Electrical Safety:** The LED lights are powered by batteries. Ensure that the batteries are inserted correctly according to the polarity markings. Avoid shortcircuiting the battery compartment.
- **Magnification Caution:** The magnifier provides 4X magnification. Be cautious when focusing on small components to avoid eye strain.
- **Magnetic Base:** The base contains rareearth magnets. Keep it away from electronic devices, credit cards, and other magneticsensitive items.
- **Flexible Arm Use:** Adjust the flexible arm carefully. Avoid excessive force that may lead to damage or breakage.

## Instructions for Installation and Usage

### 1. Installation:

- Place the magnetic base on a clean, dry metal surface.
- Ensure the surface is stable to prevent the magnifier from tipping over.

### 2. Using the Magnifier:

- Adjust the flexible arm to your desired position.
- Turn on the LED lights using the switch located on the magnifier body.
- Bring the object you wish to examine into the view of the magnifier.
- Use the 4X magnification to closely inspect the details of the object.

### 3. Turning Off the Magnifier:

- After use, switch off the LED lights to conserve battery life.
- Carefully reposition the flexible arm and store the magnifier in a safe place.

## Disposal Instructions

- Dispose of the magnifier and its components in accordance with local regulations.
- For battery disposal, follow local electronic waste guidelines to ensure environmentally responsible disposal.

## **Contact Information for Further Support**

For safety inquiries or additional support, please contact your local distributor or retailer. They can provide assistance and further information regarding the product.

By following these safety instructions, you will help ensure a safe and effective experience with your iGaging 4X Magnifier with LED Lights. Thank you for your attention to these important guidelines.
