

THREADED GEN 5 G17 BARRELS - AGENCY ARMS THREADED BARREL, FLUTED, G17 GEN 5, BLACK DLC

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Offers a Mounting Point for Suppressors and Muzzle Devices

If you've bought into the Glock Gen 5 system early on, Agency Arms has you covered with the latest aftermarket gun barrels available. One of the company's earliest Gen 5-compatible launches was its Threaded Mid Line Barrel, which is not only designed to enhance performance and service life, it's also threaded to allow mounting of muzzle devices. Each Agency Arms Threaded Mid Line Barrel for the Glock G17 Gen 5 is machined from 416R stainless steel and is topped with a 1/2-28 TPI threaded muzzle, making the 9mm barrel compatible with most of today's sound suppressors, suppressor mounts and recoil-compensating muzzle devices. To enhance accuracy and barrel life, each barrel is rifled with a pulled broach, producing a 1:10-inch rate of twist that easily stabilizes all of today's 9mm rounds. Consumers can choose between black nitride, stainless steel and TiN finishes for the Agency Arms Non-Threaded Mid Line Barrel, and they'll also receive the added benefit of the company's machined-gear fluting. Barrel length measures 4.49 inches long.

Attributes

- Name: [AGENCY ARMS THREADED BARREL, FLUTED, G17 GEN 5, BLACK DLC](#)
- Manufacturer: [AGENCY ARMS](#)
- Product no.: 100033641

THREADED GEN 5 G17 BARRELS AGENCY ARMS

Safety Instruction Guide

Introduction

Thank you for choosing the Agency Arms Threaded Gen 5 G17 Barrel. This guide provides essential safety instructions to ensure the safe use and handling of your product. Please read this manual carefully before installation and use to avoid potential hazards.

General Safety Guidelines

- Ensure that the barrel is compatible with your Glock Gen 5 model before use.
- Always treat the barrel and firearm with respect and follow safe handling practices.
- Store the barrel in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the barrel for any signs of wear or damage before use.
- Follow local laws and regulations regarding firearm modifications and use.
- Report any unsafe products or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the barrel with 9 mm Luger cartridges.
- Ensure that the threaded muzzle is properly secured before attaching any muzzle devices.
- Do not exceed the recommended barrel length of 4.49 inches when using muzzle devices.
- Avoid using the barrel if it shows any signs of damage, such as cracks or excessive wear.
- Do not attempt to modify the barrel in any way that is not specified by the manufacturer.
- Always wear appropriate eye and ear protection when firing your firearm.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing barrel from your Glock Gen 5 by following the manufacturer's instructions.
- Carefully insert the Agency Arms Threaded Gen 5 G17 Barrel into the slide.
- Secure the barrel in place, ensuring it is fully seated and locked.
- If using a muzzle device, thread it onto the muzzle and tighten according to the manufacturer's specifications.

2. Usage:

- Always verify that the firearm is in a safe condition before firing.
- Use only ammunition that is compatible with the barrel specifications.
- After each use, clean the barrel according to the manufacturer's cleaning recommendations to maintain performance and longevity.

Disposal Instructions

- Dispose of the barrel according to local regulations regarding firearm components.
- Do not discard the barrel in regular household waste.
- Contact local authorities or waste management services for proper disposal methods.

Contact Information for Further Support

For further assistance or inquiries regarding safety concerns, please refer to the manufacturer's website or contact your local dealer.

By following these safety instructions, you can help ensure a safe and enjoyable experience with your Agency Arms Threaded Gen 5 G17 Barrel. Thank you for your attention to these important guidelines.
