

# AR-15 SUPPRESSOR OPTIMIZED BARREL 5.56 - FAXON FIREARMS SUPPRESSOR OPTIMIZED BARREL 5.56 14.5" MID-LENGTH BLK

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Faxon and Brownells have again teamed up to bring a unique barrel to market with this line of AR-15 Suppressor Optimized Barrels chambered in 5.56. One of the unique design features in this line of barrels is the tapered muzzle shoulder which allows for direct mounting of suppressors from companies like Q LLC or Sig Sauer. If you don't yet have a suppressor that utilizes the tapered mounting or you simple want to mount a conventional muzzle devise don't worry, we've got you covered. Each barrel comes with an adapter that gives you a standard ninety degree should angle. The Suppressor Optimized Barrels have a medium taper profile, 1/2-28 threads, 1-8 rate of twist, and are made of 4150 steel with a nitride finish.

# Safety Instruction Guide for AR15 Suppressor Optimized Barrel 5.56

## Introduction

Thank you for choosing the AR15 Suppressor Optimized Barrel 5.56 by Faxon Firearms. This guide provides essential safety instructions and information to ensure the safe use of your new barrel. Please read all instructions carefully before installation and use.

## General Safety Guidelines

- Ensure that the barrel is installed by a qualified gunsmith or experienced individual to avoid potential hazards.
- Always handle firearms and their components with care, following standard safety practices.
- Store the barrel in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the barrel for damage or wear before use.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when handling or firing a firearm equipped with this barrel.
- Ensure that the firearm is unloaded before installing or removing the barrel.
- Do not exceed the manufacturer's recommended ammunition specifications when using the barrel.
- Be aware of the surroundings and ensure a safe shooting environment.
- Never point the firearm at anything you do not intend to shoot.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is unloaded and the safety is engaged.
- Remove the existing barrel from the firearm according to the manufacturer's instructions.
- Align the AR15 Suppressor Optimized Barrel with the receiver, ensuring the gas port is correctly positioned.
- Securely fasten the barrel using the appropriate torque specifications as provided by the firearm manufacturer.
- Attach the muzzle device or suppressor using the provided adapter if necessary.

### 2. Usage:

- Load the firearm with the appropriate 5.56 mm NATO ammunition.
- Engage the safety mechanism until you are ready to fire.
- Aim the firearm in a safe direction and discharge it only when certain of your target and what lies beyond it.
- After use, clean the barrel according to the manufacturer's maintenance instructions to ensure optimal performance.

## Disposal Instructions

- Dispose of the barrel in accordance with local regulations regarding firearms and firearm components.
- Do not discard the barrel in general waste; instead, contact local authorities for proper disposal methods.
- Ensure that any materials used in the barrel are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any further inquiries or support regarding the AR15 Suppressor Optimized Barrel 5.56, please refer to the manufacturer's contact information provided at the point of sale. You can also check for updates or recalls on the EU's Safety Gate platform.

## **Conclusion**

Following these safety instructions will help ensure a safe and enjoyable experience with your AR15 Suppressor Optimized Barrel 5.56. Always prioritize safety and compliance with local laws and regulations when using firearms. Thank you for your attention to these important guidelines.
