

XCEL 500BT DIGITAL ELECTRONIC MUFF W/VOICE CLARITY & BLUETOOTH - WALKERS GAME EAR XCEL 500BT ELECTRONIC MUFF W/VOICE CLARITY & BLUETOOTH

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Muffs](#)

An Unconventional Approach to Conventional Hearing Protection

Tired of bulky, oversized muffs banging into your rifle stock and preventing you from getting a solid cheek weld? The engineers at Walkers were annoyed by this feature, too, so they developed the Walkers XCEL 500BT Digital Electronic Muffs, which offer a new take on the concept of over-ear hearing protection. Instead of fitting the control panel and microphones into the muffs, this unit actually incorporates those components into the headband, which allows the muffs to be smaller and slimmer. Each pair of Walkers XCEL 500BT Digital Electronic Muffs features Variable Dynamic Sound Suppression, as well as wind-noise reduction properties and a Hi-Gain Omnidirectional Microphone that all work in conjunction to provide premium sound reduction and enhancement in a compact package. The earmuffs are powered by two AAA batteries, and the redesigned headband provides enhanced comfort. The unit provides 26 decibels of sound reduction.

Attributes

- Name: [WALKERS GAME EAR XCEL 500BT ELECTRONIC MUFF W/VOICE CLARITY & BLUETOOTH](#)
- Manufacturer: [WALKERS GAME EAR](#)
- Product no.: 100036624
- Mfr. No.: GWP-XSEM-BT
- Colour: Gray
- NRR: 26 dB
- Style: Bluetooth,Electronic
- Delivery weight: 0.544kg
- Shipping height: 114mm
- Shipping width: 216mm
- Shipping length: 254mm
- UPC: 888151016749

XCEL 500BT Digital Electronic Muff Safety Instructions

Introduction

Thank you for choosing the XCEL 500BT Digital Electronic Muff with Voice Clarity and Bluetooth. This product is designed to provide effective hearing protection while enhancing sound clarity in various environments. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

To ensure your safety and the safety of others, please follow these general guidelines:

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the product is suitable for your intended use.
- Check the product for any visible damage before use.
- Do not use the product if it is damaged or malfunctioning.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear and tear, especially the ear cushions and headband.
- Be aware of your surroundings while using the muffs, as they may enhance ambient sounds.

Specific Safety Precautions for Use

When using the XCEL 500BT Digital Electronic Muff, please observe the following precautions:

- **Hearing Protection:** The muffs provide 26 decibels of sound reduction. Ensure that they fit snugly to maximize their effectiveness.
- **Bluetooth Functionality:** Use Bluetooth responsibly. Avoid distractions while using the device to ensure you remain aware of your environment.
- **Battery Safety:** The muffs are powered by two AAA batteries. Do not mix old and new batteries, and ensure proper orientation when inserting batteries.
- **Moisture Exposure:** Avoid exposing the muffs to excessive moisture or extreme temperatures, as this may damage the electronic components.
- **Maintenance:** Regularly clean the ear cushions and headband with a damp cloth. Avoid using harsh chemicals or solvents.

Instructions for Installation and Usage

Follow these steps for proper installation and usage of the XCEL 500BT Digital Electronic Muff:

1. **Unboxing:** Carefully remove the muffs from the packaging. Ensure all components are included.
2. **Battery Installation:**
 - Open the battery compartment located on the headband.
 - Insert two AAA batteries, ensuring the correct polarity (+/-) is followed.
 - Close the battery compartment securely.
3. **Adjusting Fit:**
 - Place the muffs over your ears and adjust the headband for a snug fit.
 - Ensure the ear cushions create a proper seal around your ears.
4. **Bluetooth Pairing:**
 - Turn on the muffs by pressing the power button.
 - Activate Bluetooth on your device and search for available devices.
 - Select "XCEL 500BT" from the list to pair.
5. **Using the Muffs:**
 - Once paired, you can listen to audio while ensuring hearing protection.

- Use the volume control to adjust sound levels to your preference.
6. **Turning Off:** After use, turn off the muffs by pressing the power button. Store them in a cool, dry place.

Disposal Instructions

When it is time to dispose of the XCEL 500BT Digital Electronic Muff, please follow these guidelines:

- **Battery Disposal:** Dispose of batteries in accordance with local regulations for battery recycling.
- **Product Disposal:** Check local waste management guidelines for the disposal of electronic products. Do not dispose of the product in regular household waste.
- **Environmental Responsibility:** Consider donating the product if it is still functional, or recycle it through an appropriate electronic waste recycling program.

Contact Information for Further Support

For further assistance or inquiries regarding the XCEL 500BT Digital Electronic Muff, please refer to the product packaging for the manufacturer's contact information.

Conclusion

By following these safety instructions, you can ensure that you use the XCEL 500BT Digital Electronic Muff effectively and safely. Always prioritize safety and stay aware of your surroundings while using hearing protection devices. Thank you for your attention to these important guidelines.
