

AR-15 ULTRA PRECISION 5-AXIS TRIGGER GUARDS - GEISSELE AUTOMATICS ULTRA PRECISION 5-AXIS TRIGGER GUARD FOR AR-15 DDC

[Rifle Parts](#) > [Triggers Parts](#) > [Trigger Guards](#)

A Meticulously Machined Trigger Guard for Your Enhanced AR-15

Thanks to the miracles of modern machining, Geissele tackled the unassuming AR-15 trigger guard with renewed vigor, creating a masterpiece that's head-and-shoulders above any other AR-15 trigger guard on the market. Thanks to the use of 5-Axis machining, the Geissele Ultra Precision Trigger Guard features meticulous machining that removes every sliver of unneeded metal in its construction. Machined from 7075-T6 aluminum, the Geissele Ultra Precision Trigger Guard provides users with a smooth, snag-free surface from virtually every point on the guard. The design is so precise, that the company was even able to fill in that irritating gap between the trigger guard and the pistol grip. Plus, it just looks awesome, too, making it the perfect finishing touch for your dream-gun build. You can get the guard in either black or DDC finishes.

Safety Instruction Guide for AR15 Ultra Precision 5Axis Trigger Guards

Introduction

Thank you for choosing the AR15 Ultra Precision 5Axis Trigger Guard by Geissele Automatics. This product is designed to enhance your shooting experience while ensuring safety and compliance with the EU General Product Safety Regulation (GPSR). Please read this safety instruction guide carefully to ensure proper use and maintenance of your trigger guard.

General Safety Guidelines

- Ensure safe use of the trigger guard by following all instructions provided in this guide.
- Be aware of potential hazards associated with improper installation or use.
- Always check for product recalls and safety updates on the EU Safety Gate platform.
- Report any unsafe products or accidents to your local authorities.
- Keep the trigger guard out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Always ensure that your firearm is unloaded before installing or handling the trigger guard.
- Inspect the trigger guard for any signs of damage or defects before use.
- Do not modify the trigger guard in any way, as this could compromise safety and performance.
- Use the trigger guard only with compatible AR15 models to avoid safety issues.
- Wear appropriate eye and ear protection when using firearms.

Instructions for Installation and Usage

1. Preparation

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, such as a screwdriver or wrench.

2. Installation Steps

- Remove the existing trigger guard from your AR15 by unscrewing it from the lower receiver.
- Align the Geissele Ultra Precision Trigger Guard with the lower receiver.
- Secure the trigger guard in place using the provided screws. Ensure they are tightened but do not overtighten to avoid damaging the aluminum.
- Check for a snug fit and ensure there are no gaps between the trigger guard and the pistol grip.

3. Usage

- Once installed, ensure the trigger guard is functioning properly before using your firearm.
- Regularly inspect the trigger guard for any signs of wear or damage during routine firearm maintenance.

Disposal Instructions

- Dispose of the trigger guard responsibly in accordance with local regulations.
- If the trigger guard is damaged or no longer usable, ensure it is recycled or disposed of in a manner that minimizes environmental impact.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the AR15 Ultra Precision 5Axis Trigger Guard, please contact the manufacturer directly. Ensure you have your product details ready for assistance.

Thank you for your attention to these important safety guidelines. Enjoy your shooting experience with the Geissele Ultra Precision Trigger Guard!
