

# AR-15 EXTRACTOR SPRING UPGRADE KIT - BRAVO COMPANY EXTRACTOR SPRING UPGRADE KIT 3 PACK

[Home](#)

The BCM® AR-15 Extractor Spring Upgrade Kit is a heavy coil design made for the increased extractor tension required on many AR15, M4, M16 short barreled rifles. This product also improves the reliability on a standard 16" and 14.5" carbines. As with all BCM branded products, the highest quality is the primary focus. The BCM Extractor Spring is manufactured by a 9001:2000 facility employing the latest precision equipment. BCM starts with only the highest quality chrome silicon material, heat treats to stress relieve the product and shot peens to add increased strength. This kit also includes the new black extractor insert, standard on all M4, M4A1, Mk18 carbines and the recent new standard on M16A4 rifles. The BCM Extractor Spring is so strong the Mil-Spec Crane O-Ring will probably not be needed, but it is included. This kit includes: BCM Extractor Spring (chrome silicon, heat treated & stress relieved, shot peened) Crane Ind O-Ring (Mil-Spec) Black Extractor Insert This is also available in a 3 pack.

# AR15 Extractor Spring Upgrade Kit Safety Instructions

## Introduction

Thank you for choosing the BCM® AR15 Extractor Spring Upgrade Kit. This product is designed to enhance the performance and reliability of your AR15, M4, or M16 rifles. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle firearms safely and in accordance with local laws and regulations.
- Store the upgrade kit in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the product for wear and damage before installation.
- If you experience any issues or concerns with the product, cease use immediately and seek assistance.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Improper installation may lead to firearm malfunction.
- Use of incompatible components may compromise safety.

### • Avoiding Hazards:

- Always ensure the firearm is unloaded before performing any modifications.
- Follow the installation instructions carefully to avoid improper assembly.
- Use only BCM components with this kit for best results.

### • Agespecific Warnings:

- This product is not intended for use by individuals under the age of 18 without adult supervision.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded and the safety is engaged.
- Gather necessary tools: a punch, hammer, and any additional tools specified in the firearm's manual.

### 2. Installation Steps:

- Remove the existing extractor spring from the firearm using a punch and hammer.
- Insert the new BCM Extractor Spring into the extractor assembly.
- Install the new black extractor insert as per the manufacturer's instructions.
- Ensure that the Crane Ind ORing is properly seated if used.
- Reassemble the firearm and conduct a function check to ensure proper operation.

### 3. Usage Guidelines:

- After installation, regularly check the extractor spring for wear and proper function.

- Ensure that the firearm is maintained according to the manufacturer's recommendations.

## Disposal Instructions

- Dispose of any old or unused components in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, contact local waste management for proper disposal methods.

## Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's website or contact your local distributor.
