

# ALL WEATHER LEVER ACTION SIDE GATE - ALL-WEATHER LEVER .45-70 SIDE GATE

[Firearms](#) > [Rifles](#) > [Lever Action](#)

Henry does produce, hands down, some of the best-looking lever action rifles on the market in our brass and silver models, but as a part of our aggressive expansion into the more utilitarian side of life with rifles and shotguns meant for everyday life in the truck, on the farm, and through the woods, these hard-working All-Weather rifles became a must-have. In profile and general dimensions, these two Henry offerings are essentially the same as their blued steel counterparts, with 20" round barrel and 5-shot magazine capacity in the .30-30 and 18.43" round barrel with 4-shot magazine in the .45-70, and both with the same adjustable buckhorn/bead sights. Like the blued rifles, the All-Weathers also wear the same wrist profiles- straight in the .30-30, and pistol grip in the .45-70. The major differences lie in the hard chrome plating on all metal surfaces (except springs, sights, and loading gates), and a durable industrial-grade coating on the hardwood furniture. In a tough world where a working rifle might be "rode hard and put away wet", this is the finish you want on it. A very strong plating permanently bonded to the steel underneath, hard chrome doesn't flake, chip, or peel, and its corrosion resistance is actually stronger than some stainless steel. The treatment we use increases surface hardness, reduces friction on moving parts, doesn't normally scuff or scratch, and leaves a low-gloss look that won't spook game. The furniture is another departure for us; we've based a good part of our reputation on our select American walnut over the years, but here we've opted for a stained hardwood with a carefully-selected coating that's formulated to stand up to wear, tear, scratches, moisture, temperature variations, and the angst of the various "character marks" an everyday outdoor tool inevitably picks up during its lifetime. If you want beauty, we've got it. If you want a more subdued partner you can depend on to ride any trail with, any time, any season, and in any weather, we do that too.

## Attributes

- Name: [ALL-WEATHER LEVER .45-70 SIDE GATE](#)
- Manufacturer: [HENRY REPEATING ARMS](#)
- Product no.: 100041650
- Mfr. No.: H010GAW
- Action Type: Lever Action
- Barrel Length: 18.43"
- Capacity: 4+1-Round
- Cartridge: 45-70 Government
- Finish: Stainless

# ALL WEATHER LEVER ACTION SIDE GATE SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the Henry All Weather Lever Action Side Gate .4570. This guide provides essential safety instructions to ensure the safe use, installation, and disposal of your firearm. Please read this guide carefully before handling or using the product.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep your firearm pointed in a safe direction at all times.
- Store your firearm unloaded and in a secure place away from children and unauthorized users.
- Use only the recommended ammunition for your firearm.
- Wear appropriate eye and ear protection while shooting.
- Be aware of your surroundings and ensure that the area is clear of people and obstacles before shooting.
- Do not use your firearm under the influence of drugs or alcohol.
- Regularly inspect your firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.

## Specific Safety Precautions for Use

- Ensure the safety mechanism is engaged until you are ready to fire.
- Do not place your finger on the trigger until you are ready to shoot.
- Only load the magazine when you are in a safe shooting area.
- Do not attempt to modify or alter your firearm in any way.
- Be cautious of any obstructions in the barrel before firing.
- If a round does not fire, wait at least 30 seconds before attempting to unload.
- Keep the firearm clean and well-maintained according to the manufacturer's instructions.

## Instructions for Installation and Usage

### Installation

1. **Inspection:** Before installation, inspect the firearm to ensure it is in good working condition.
2. **Loading:**
  - Open the action and ensure the chamber is empty.
  - Load the magazine with .4570 Government cartridges, ensuring they are seated properly.
3. **Safety Check:**
  - Engage the safety mechanism before handling.
  - Confirm the firearm is pointed in a safe direction.

### Usage

1. **Aiming:**
  - Use the adjustable buckhorn/bead sights for accurate aiming.
  - Ensure your line of sight is clear of any obstructions.
2. **Firing:**
  - Release the safety mechanism only when you are ready to fire.
  - Squeeze the trigger gently to avoid jerking the firearm.
3. **PostFiring:**
  - After firing, keep the firearm pointed downrange until you are ready to unload.
  - Open the action and remove any remaining cartridges from the chamber and magazine.

## **Disposal Instructions**

- When disposing of your firearm, follow all local laws regarding firearm disposal.
- Consider contacting a licensed firearms dealer for safe disposal options.
- Ensure that all ammunition is disposed of properly and in accordance with local regulations.

## **Contact Information for Further Support**

For questions or concerns regarding the safety and handling of your Henry All Weather Lever Action Side Gate .4570, please refer to your local Henry dealer or authorized service center.

## **Conclusion**

Your safety and the safety of others is of utmost importance. By following these guidelines, you can ensure a safe and enjoyable experience with your Henry All Weather Lever Action Side Gate .4570. Always prioritize safety and adhere to local laws and regulations regarding firearm use.
