

PL350 WEAPONLIGHTS - MODLITE SYSTEMS PLHV2 HEAD PISTOL LIGHT, BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Weapon Lights](#)

The PL350 is the much-anticipated handgun light that combines modularity and compatibility from Modlite. Utilizing two rail keys (included) the PL350 has the ability to fit both universal and 1913 handgun rails. And with a “out the front” battery compartment you don’t need to remove the light to change out the battery. Speaking of batteries, the PL350 is powered by a single, rechargeable 18350 (one battery included with light) that is both well known and well regarded by currently users of Modlite. The PL350 is available with 4 different options for light heads. The PLHV2, the OKW, the IR 940, and the IR-850. PLHV2 If you're looking for the best overall output and throw this is the package you want. Approximately 1350 out the front lumens and candela is approximately 54,000. It is an excellent overall light head good for indoor or outdoor use. OWK This light head is best suited for situations where extreme throw is needed. Approximately 680 out the front lumens and candela is approximately 69,000. This light is an excellent choice for anyone needing maximum throw. IR 940 This is a dedicated IR illumination head that is designed to output IR light in the 940nm IR spectrum. The reflector is designed to deliver a good amount of spill and a well defined hot spot at distances up to 75 yards depending on atmospheric conditions. Approximately 500mW IR output. IR 850 This is a dedicated IR illumination head that is designed to output IR light in the 850nm IR spectrum. The reflector is designed to deliver a good amount of spill and a well defined hot spot at distances up to 300 yards depending on atmospheric conditions. Approximately 1100mW IR output. Runtimes vary between models. Each PL350 includes a single 18350 rechargeable battery, a charger, and PHLster ARC Enhanced Switches which allow for end-user modularity

Attributes

PL350 WEAPONLIGHTS MODLITE SYSTEMS PLHV2 HEAD PISTOL LIGHT Safety Instruction Guide

Introduction

Thank you for choosing the PL350 WEAPONLIGHTS MODLITE SYSTEMS PLHV2 HEAD PISTOL LIGHT. This guide provides essential safety instructions to ensure the safe and effective use of your weapon light. It is important to read and understand these instructions before use.

General Safety Guidelines

- Ensure the product is used only as intended and in accordance with these guidelines.
- Always keep the weapon light out of reach of children and vulnerable individuals.
- Do not use the weapon light in wet or damp conditions to avoid electrical hazards.
- Regularly inspect the product for any signs of damage or wear. If any damage is found, discontinue use immediately.
- Report any unsafe product incidents or accidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Battery Safety:**
 - Only use the included rechargeable 18350 battery. Using nonapproved batteries may pose a risk of fire or explosion.
 - Do not attempt to charge the battery if it appears damaged or leaking.
 - Follow the charging instructions carefully to avoid overheating the battery.
- **Light Operation:**
 - Avoid shining the light directly into anyone's eyes, as it may cause temporary blindness or discomfort.
 - Do not modify the light head or any components, as this may compromise safety and functionality.
- **Mounting and Handling:**
 - Ensure the weapon light is securely mounted to the handgun before use.
 - Avoid dropping or subjecting the weapon light to strong impacts, as this may damage the internal components.
- **Environmental Considerations:**
 - Do not expose the weapon light to extreme temperatures or humidity, as this may affect performance.
 - Use the light only in appropriate settings to avoid unintended consequences.

Instructions for Installation and Usage

- **Installation:**
 1. Select the appropriate rail key for your handgun (universal or 1913).
 2. Align the rail key with the rail slot on your handgun.
 3. Slide the weapon light onto the rail until it clicks into place securely.

4. Ensure the light is firmly attached by gently pulling on it.

- **Usage:**

1. To turn on the light, press the activation switch located on the side of the weapon light.
2. To turn off the light, press the activation switch again.
3. To change the battery, locate the “out the front” battery compartment, unscrew the cap, and replace the old battery with a new rechargeable 18350 battery.
4. Secure the battery compartment cap after replacing the battery.

- **Maintenance:**

- Regularly clean the exterior of the weapon light with a soft, dry cloth.
- Do not use harsh chemicals or abrasive materials for cleaning.

Disposal Instructions

- Dispose of the weapon light and its components in accordance with local regulations regarding electronic waste.
- Do not throw the rechargeable battery in regular trash. Instead, take it to a designated battery recycling location.

Contact Information for Further Support

For any questions or concerns regarding the PL350 WEAPONLIGHTS MODLITE SYSTEMS PLHV2 HEAD PISTOL LIGHT, please refer to the product's official website or contact the manufacturer's support team directly. Always ensure that you have the latest information regarding safety and product updates.

By following these guidelines, you can ensure the safe and effective use of your PL350 WEAPONLIGHTS MODLITE SYSTEMS PLHV2 HEAD PISTOL LIGHT. Thank you for your attention to safety.
