

# PL350 WEAPONLIGHTS - MODLITE SYSTEMS OKW HEAD PISTOL LIGHT, BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Weapon Lights](#)

The PL350 is the much-anticipated handgun light that combines modularity and compatibility from Modlite. Utilizing two rail keys (included) the PL350 has the ability to fit both universal and 1913 handgun rails. And with a "out the front" battery compartment you don't need to remove the light to change out the battery. Speaking of batteries, the PL350 is powered by a single, rechargeable 18350 (one battery included with light) that is both well known and well regarded by currently users of Modlite. The PL350 is available with 4 different options for light heads. The PLHv2, the OKW, the IR 940, and the IR-850. PLHv2 If you're looking for the best overall output and throw this is the package you want. Approximately 1350 out the front lumens and candela is approximately 54,000. It is an excellent overall light head good for indoor or outdoor use. OKW This light head is best suited for situations where extreme throw is needed. Approximately 680 out the front lumens and candela is approximately 69,000. This light is an excellent choice for anyone needing maximum throw. IR 940 This is a dedicated IR illumination head that is designed to output IR light in the 940nm IR spectrum. The reflector is designed to deliver a good amount of spill and a well defined hot spot at distances up to 75 yards depending on atmospheric conditions. Approximately 500mW IR output. IR 850 This is a dedicated IR illumination head that is designed to output IR light in the 850nm IR spectrum. The reflector is designed to deliver a good amount of spill and a well defined hot spot at distances up to 300 yards depending on atmospheric conditions. Approximately 1100mW IR output. Runtimes vary between models. Each PL350 includes a single 18350 rechargeable battery, a charger, and PHLster ARC Enhanced Switches which allow for end-user modularity

## Attributes

- Name: [MODLITE SYSTEMS OKW HEAD PISTOL LIGHT, BLACK](#)
- Manufacturer: [MODLITE SYSTEMS](#)
- Product no.: 100042510
- Mfr. No.: PL350-OKW-BLK
- Battery: Rechargeable
- Candela: 69000
- Lumens: 680
- Delivery weight: 0.313kg
- Shipping height: 76mm
- Shipping width: 108mm
- Shipping length: 159mm
- UPC: 850008965115

## Item details

Made in USA

This product contains a battery.

# PL350 WEAPONLIGHTS MODLITE SYSTEMS OKW HEAD PISTOL LIGHT Safety Instruction Guide

## Introduction

Thank you for choosing the PL350 WEAPONLIGHTS MODLITE SYSTEMS OKW HEAD PISTOL LIGHT. This guide provides essential safety information to ensure the safe and effective use of your product. Please read this guide carefully before using the light.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as a handgun light.
- Always handle the light with care to avoid damage or malfunction.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the light for signs of wear or damage. Do not use if damaged.
- Do not attempt to disassemble or modify the product.
- Follow all local laws and regulations regarding the use of weapon lights.

## Specific Safety Precautions for Use

- Always ensure the light is securely attached to the handgun before use.
- Do not shine the light directly into anyone's eyes to avoid temporary blindness or injury.
- Be aware of your surroundings when using the light, especially in lowlight situations.
- Avoid using the light in wet or damp conditions unless it is specified as waterresistant.
- Ensure that the battery is correctly installed and charged before use.
- Do not use nonrechargeable batteries in the PL350 light.

## Instructions for Installation and Usage

### Installation

#### 1. Attach the Light:

- Select the appropriate rail key (universal or 1913) provided with the product.
- Align the rail key with the handgun rail and slide the light onto the rail until it clicks into place.
- Ensure the light is securely attached before proceeding.

#### 2. Battery Installation:

- Open the battery compartment located at the front of the light.
- Insert the included rechargeable 18350 battery, ensuring the positive (+) and negative (-) terminals are correctly aligned.
- Close the battery compartment securely.

### Usage

#### 1. Turning On/Off:

- To turn on the light, press the activation switch located on the side of the light.
- To turn off, press the switch again.

#### 2. Selecting Light Heads:

- The PL350 is compatible with multiple light heads. Choose the appropriate head based on your needs:
  - **PLHv2**: Best overall output and throw for general use.
  - **OKW**: Maximum throw for longdistance illumination.
  - **IR 940**: For infrared illumination, useful in lowlight conditions.
  - **IR 850**: For longerrange infrared illumination.

### **3. Charging the Battery:**

- Use the provided charger to recharge the 18350 battery.
- Follow the manufacturer's instructions for charging to ensure battery longevity and safety.

## **Disposal Instructions**

- Dispose of the PL350 light and its components in accordance with local regulations.
- Do not dispose of batteries in regular household waste. Follow local guidelines for battery recycling.
- If the product is damaged or no longer functional, consider returning it to the manufacturer for recycling.

## **Contact Information for Further Support**

For any questions or concerns regarding the PL350 WEAPONLIGHTS MODLITE SYSTEMS OKW HEAD PISTOL LIGHT, please refer to the manufacturer's website or customer service resources for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your PL350 WEAPONLIGHTS MODLITE SYSTEMS OKW HEAD PISTOL LIGHT. Thank you for your attention to safety.
