

# PL350 WEAPONLIGHTS - MODLITE SYSTEMS IR850 HEAD PISTOL LIGHT, BLACK

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Weapon Lights](#)

The PL350 is the much-anticipated handgun light that combines modularity and compatibility from Modlite. Utilizing two rail keys (included) the PL350 has the ability to fit both universal and 1913 handgun rails. And with a "out the front" battery compartment you don't need to remove the light to change out the battery. Speaking of batteries, the PL350 is powered by a single, rechargeable 18350 (one battery included with light) that is both well known and well regarded by currently users of Modlite. The PL350 is available with 4 different options for light heads. The PLHv2, the OKW, the IR 940, and the IR-850. PLHv2 If you're looking for the best overall output and throw this is the package you want. Approximately 1350 out the front lumens and candela is approximately 54,000. It is an excellent overall light head good for indoor or outdoor use. OKW This light head is best suited for situations where extreme throw is needed. Approximately 680 out the front lumens and candela is approximately 69,000. This light is an excellent choice for anyone needing maximum throw. IR 940 This is a dedicated IR illumination head that is designed to output IR light in the 940nm IR spectrum. The reflector is designed to deliver a good amount of spill and a well defined hot spot at distances up to 75 yards depending on atmospheric conditions. Approximately 500mW IR output. IR 850 This is a dedicated IR illumination head that is designed to output IR light in the 850nm IR spectrum. The reflector is designed to deliver a good amount of spill and a well defined hot spot at distances up to 300 yards depending on atmospheric conditions. Approximately 1100mW IR output. Runtimes vary between models. Each PL350 includes a single 18350 rechargeable battery, a charger, and PHLster ARC Enhanced Switches which allow for end-user modularity

## Attributes

- Name: [MODLITE SYSTEMS IR850 HEAD PISTOL LIGHT, BLACK](#)
- Manufacturer: [MODLITE SYSTEMS](#)
- Product no.: 100042511
- Mfr. No.: 850008965116
- Battery: Rechargeable
- Candela: -
- Lumens: 500
- UPC: 850008965116

## Item details

Made in USA

This product contains a battery.

# PL350 WEAPONLIGHTS MODLITE SYSTEMS IR850 HEAD PISTOL LIGHT Safety Instructions

## Introduction

Thank you for choosing the PL350 WEAPONLIGHTS MODLITE SYSTEMS IR850 HEAD PISTOL LIGHT. This product combines advanced technology with userfriendly features to enhance your experience. To ensure safe and effective use, please read this safety instruction guide carefully. It is designed to comply with the EU General Product Safety Regulation (GPSR) and includes important information about the safe use, handling, and disposal of the product.

## General Safety Guidelines

- Ensure that the PL350 light is used only as intended and in accordance with these guidelines.
- Keep the light out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear. Do not use the product if it appears damaged.
- Store the light in a dry and safe place when not in use.
- Follow all local laws and regulations regarding the use of weapon lights.

## Specific Safety Precautions for Use

### • Battery Safety:

- Use only the provided rechargeable 18350 battery. Do not use incompatible batteries.
- Do not expose the battery to extreme temperatures or direct sunlight.
- Charge the battery using the included charger only.
- Avoid shortcircuiting the battery terminals.

### • Operational Safety:

- Do not shine the light directly into anyone's eyes, as this may cause temporary blindness or discomfort.
- Ensure that the light is securely attached to the handgun before use.
- Be aware of your surroundings when using the light, especially in lowlight conditions.

### • Environmental Considerations:

- Avoid using the light in wet or damp conditions unless specified as waterresistant.
- Store the light in a cool, dry environment to prevent damage.

## Instructions for Installation and Usage

### • Installation:

1. Select the appropriate rail key (included) that fits your handgun's rail system (universal or 1913).
2. Align the light with the rail and slide it into place until it clicks securely.
3. Ensure the light is firmly attached and does not wobble.

### • Battery Installation:

1. Open the battery compartment located at the front of the light.
2. Insert the rechargeable 18350 battery, ensuring the positive (+) and negative (-) terminals are

- oriented correctly.
- 3. Close the battery compartment securely.

- **Usage:**

- To turn the light on, press the switch located on the side of the light.
- To switch between different light modes, follow the instructions provided with the light.
- To change the battery, repeat the battery installation steps as needed.

## Disposal Instructions

- Dispose of the PL350 light and its components in accordance with local regulations.
- Do not dispose of batteries in household waste. Instead, take them to a designated battery recycling facility.
- Consult local authorities for information on the safe disposal of electronic products.

## Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the contact information provided on the product packaging or the manufacturer's website.

By following these safety instructions, you can ensure the safe and effective use of the PL350 WEAPONLIGHTS MODLITE SYSTEMS IR850 HEAD PISTOL LIGHT. Thank you for your attention to safety.
