

# SUPER STABBY BAYONET MOUNTS - GEISSELE AUTOMATICS SUPER STABBY BAYONET MOUNT DDC

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Hardware](#) > [Handguard Hardware](#)

The Super Stabby Bayonet Mount (SSBM) allows Picatinny integration of stabby accessories to your handguard. Made from 7075-T6 Aluminum it is both extremely rigid and lightweight. The SSBM is optimized for the M9 Bayonet and is compatible with Bayonets that interface with the M16 Mil-Spec Bayonet Lugs and front barrel/muzzle rings. It only requires 5 Picatinny sections to be mounted. MATERIAL: 7075-T6 Aluminum WEIGHT: 5.7oz COLOR: Black BAYONET TYPE: M9 Bayonet COMPATIBILITY: M16 Mil-Spec Bayonet Lugs & Front Barrel/Muzzle Rings PICATINNY SLOTS: Minimum of 5 Picatinny Rail Sections BAYONET IS NOT INCLUDED DISCLAIMER: The SSBM has only been tested on Geissele rails. Use, wear, and fit on other rails is unknown. Due to the lack of control over the operational use of the SSBM, Geissele Automatics specifically disclaims any responsibility for damage to the firearm it is installed on or its parts or accessories. The bayonet blade is sharp. Handle with care and keep the tip and edge of the blade pointed away from your body or anything you do not intend to use it on at all times. Improper fit and use can cause serious injury or death. Make sure to be aware of any rough surfaces on your rifle, such as the pic rail sections on the handguard, as manipulating the rifle to use the attached bayonet may cause injury if you are not wearing proper protective equipment, which should be worn at all times when using this product. Please also note that the fundamental rules for firearms safety must be adhered to at all times.

# Safety Instruction Guide for SUPER STABBY BAYONET MOUNTS GEISSELE AUTOMATICS

## Introduction

Thank you for purchasing the Super Stabby Bayonet Mount (SSBM) from Geissele Automatics. This guide provides essential safety instructions and usage information to ensure safe and effective operation of your new product. Please read the entire guide carefully before using the SSBM.

## General Safety Guidelines

- Always handle the bayonet with care, as the blade is sharp.
- Keep the tip and edge of the blade pointed away from your body and any objects that you do not intend to cut.
- Ensure that you are wearing proper protective equipment when using this product.
- Be aware of any rough surfaces on your firearm that may cause injury during use.
- Follow all fundamental rules for firearms safety at all times.
- Report any unsafe product experiences or accidents to local authorities.

## Specific Safety Precautions for Use

- The SSBM is designed for use with the M9 Bayonet and compatible with M16 MilSpec Bayonet Lugs and front barrel/muzzle rings.
- The bayonet is not included with the SSBM. Ensure you have a compatible bayonet before installation.
- Improper fit or use of the SSBM can lead to serious injury or death. Ensure proper installation and understanding of the product before use.
- The SSBM has only been tested on Geissele rails; compatibility with other rails is unknown. Use at your own risk.
- Always check for recalls and safety updates regarding this product through the EU Safety Gate platform.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that your firearm is unloaded and safe to handle before installation.
- Gather the necessary tools for installation, including a torque wrench if required.

### 2. Installation Steps

- Identify a section of the Picatinny rail on your handguard where you wish to mount the SSBM.
- Align the SSBM with the Picatinny rail, ensuring that it fits securely.
- Use the appropriate screws to attach the SSBM to the rail. Ensure that you are using a minimum of 5 Picatinny sections for a secure fit.
- Tighten the screws to the manufacturer's recommended torque settings to avoid loosening during use.

### 3. Usage Instructions

- Once installed, attach your M9 Bayonet to the SSBM according to the bayonet's instructions.
- Always check that the bayonet is securely attached before use.
- Handle the firearm and bayonet with care, following all safety protocols.

## **Disposal Instructions**

- Dispose of the SSBM in accordance with local regulations regarding aluminum recycling.
- Ensure that the product is rendered unusable before disposal to prevent any potential accidents.

## **Contact Information for Further Support**

For any questions or concerns regarding the Super Stabby Bayonet Mount, please refer to the manufacturer's website or contact their customer service for assistance. Always ensure that you have the latest safety information and product updates.

By following these guidelines and instructions, you can ensure a safer experience with your Super Stabby Bayonet Mount. Thank you for choosing Geissele Automatics, and please prioritize safety in all your firearm activities.
