[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Hardware](#) > [Handguard Hardware](#)

The Super Stabby Bayonet Mount (SSBM) allows Picatinny integration of stabby accessories to your handguard. Made from 7075-T6 Aluminum it is both extremely rigid and lightweight. The SSBM is optimized for the M9 Bayonet and is compatible with Bayonets that interface with the M16 Mil-Spec Bayonet Lugs and front barrel/muzzle rings. It only requires 5 Picatinny sections to be mounted. MATERIAL: 7075-T6 Aluminum WEIGHT: 5.7oz COLOR: Black BAYONET TYPE: M9 Bayonet COMPATIBILITY: M16 Mil-Spec Bayonet Lugs & Front Barrel/Muzzle Rings PICATINNY SLOTS: Minimum of 5 Picatinny Rail Sections BAYONET IS NOT INCLUDED DISCLAIMER: The SSBM has only been tested on Geissele rails. Use, wear, and fit on other rails is unknown. Due to the lack of control over the operational use of the SSBM, Geissele Automatics specifically disclaims any responsibility for damage to the firearm it is installed on or its parts or accessories. The bayonet blade is sharp. Handle with care and keep the tip and edge of the blade pointed away from your body or anything you do not intend to use it on at all times. Improper fit and use can cause serious injury or death. Make sure to be aware of any rough surfaces on your rifle, such as the pic rail sections on the handguard, as manipulating the rifle to use the attached bayonet may cause injury if you are not wearing proper protective equipment, which should be worn at all times when using this product. Please also note that the fundamental rules for firearms safety must be adhered to at all times.

# **SUPER STABBY BAYONET MOUNTS GEISSELE AUTOMATICS SUPER STABBY BAYONET MOUNT OD GREEN Safety Instruction Guide**

## **Introduction**

Thank you for choosing the Super Stabby Bayonet Mount (SSBM) by Geissele Automatics. This guide is designed to provide you with important safety information, installation instructions, and proper usage guidelines to ensure your safety and the effective use of this product. Please read and understand all instructions before using the SSBM.

## **General Safety Guidelines**

- Ensure safe use of the SSBM by following all instructions carefully.
- Be aware of potential hazards associated with the use of sharp objects, such as the bayonet blade.
- Always handle the bayonet and the SSBM with caution.
- Keep the product out of reach of children and vulnerable individuals.
- Adhere to all fundamental rules for firearms safety at all times.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Always handle the bayonet with the blade pointed away from your body and others.
- Wear appropriate protective equipment, such as gloves and eye protection, when using the SSBM.
- Be cautious of rough surfaces on your rifle, as they may cause injury when manipulating the rifle with the attached bayonet.
- Improper fit and use of the SSBM can result in serious injury or death.
- The SSBM has only been tested on Geissele rails; its use on other rails is at your own risk.
- The bayonet blade is sharp. Handle it with care at all times.

## **Instructions for Installation and Usage**

### **1. Mounting the SSBM:**

- Ensure the rifle is unloaded and safe before installation.
- Identify a suitable location on the handguard with a minimum of 5 Picatinny rail sections available.
- Align the SSBM with the chosen Picatinny sections.
- Securely attach the SSBM to the handguard using the appropriate mounting hardware (not included).
- Ensure that the SSBM is firmly in place and does not move.

### **2. Attaching the Bayonet:**

- Ensure the bayonet is compatible with M16 MilSpec Bayonet Lugs and front barrel/muzzle rings.
- Align the bayonet with the SSBM and press it into place until it locks securely.
- Check that the bayonet is firmly attached before use.

### **3. Using the Bayonet:**

- Always maintain control of the rifle when using the attached bayonet.
- Keep the blade pointed away from yourself and others during use.

- Be aware of your surroundings and any obstacles that may pose a risk.

#### **4. Removing the Bayonet:**

- To remove the bayonet, press the release mechanism and carefully pull the bayonet away from the SSBM.
- Store the bayonet safely when not in use.

## **Disposal Instructions**

- Dispose of the SSBM and any associated packaging materials in accordance with local regulations.
- Ensure that the product is disposed of in a way that prevents any potential hazards to others.

## **Contact Information for Further Support**

For any inquiries regarding the Super Stabby Bayonet Mount, please refer to the contact information provided with your product packaging or visit the official Geissele Automatics website for assistance.

By following the guidelines outlined in this document, you can help ensure a safe and effective experience with the Super Stabby Bayonet Mount. Thank you for your attention to these important safety instructions.
