Safety Instruction Guide for CUSTOM GRADE RIFLE FULL LENGTH DIE SETS 6MM ARC FULL LENGTH DIE SET

Introduction

Thank you for choosing the Hornady Custom Grade 2Die set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this manual carefully before using the product.

General Safety Guidelines

- Ensure that the reloading area is wellventilated and free from distractions.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Store the die set in a dry, secure location when not in use.
- Regularly inspect the die set for any signs of wear or damage. Do not use if any parts are compromised.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Only use the die set with the specified cartridge: 6 mm ARC.
- Ensure that the reloading press is compatible with the die set.
- Follow the manufacturer's instructions for adjusting the dies to prevent misalignment or improper functioning.
- Avoid overtightening the dies in the press, as this may cause damage.
- Always doublecheck the powder charge and bullet seating depth before finalizing any round.
- Never leave the reloading process unattended.

Instructions for Installation and Usage

1. Installation:

- Open the reloading press and securely attach the full length sizing die according to the manufacturer's instructions.
- Insert the bullet seating die into the press, ensuring it is properly aligned.
- Adjust both dies as necessary for your specific reloading requirements.

2. Usage:

- Begin by resizing the brass cases using the full length sizing die. Ensure that the die is set to the correct depth for your specific cartridge.
- After resizing, inspect each case for defects or damage before proceeding.
- Measure and adjust the powder charge according to your reloading recipe.
- Insert the bullet into the case mouth and use the bullet seating die to seat the bullet to the desired depth.
- After seating, perform a final inspection of each round to ensure quality and safety.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Recycle brass cases where possible, following your local recycling guidelines.

- Do not dispose of any hazardous materials (e.g., spent primers, powder) in regular trash. Follow your local regulations for hazardous waste disposal.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of your Hornady Custom Grade 2Die set, please refer to the official Hornady website or contact the manufacturer directly for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience. Always prioritize safety and remain informed about any updates or recalls related to your product.
