

# LEAP MAGNIFIER MOUNT - MAGNIFIER 1.93" LEAP/06 QD MOUNT BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Mounting Hardware](#)

## Designed for Quick Detach of Your Optic

Mounting an optic always presents rifle owners with a different set of challenges. If an optic isn't needed or just gets in the way, getting it off can take time and tools. And if it's needed again, then re-mounting the optic usually means re-zeroing it. However, the Scalarworks LEAP Magnifier Mount eliminates both issues! Built to work with Aimpoint's line of tube magnifiers, the Scalarworks LEAP Magnifier Mount is built with the company's trademarked Quantum Quick-Detach mechanism. This design is impervious to recoil and provides exactly the right amount of torque needed to secure an optic to a rifle. The benefit of the design is users can remove the mount in less than 3 seconds without tools. Black-oxide finish Fits Aimpoint 3X-C, 3XMag, 3XMag-1, 6XMag-1 and other 30mm tube magnifiers Weight: 2.7 to 2.79 ounces Made in the USA The Scalarworks LEAP Magnifier Mount is sized to fit all 30mm tubes and features a symmetrical flip mechanism that allows the user to move magnifiers to the left or right side of the rifle. A telescoping clamp allows for repeatable zero with every installation.

## Attributes

# LEAP Magnifier Mount Safety Instruction Guide

## Introduction

Thank you for choosing the Scalarworks LEAP Magnifier Mount. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your magnifier mount. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the mount and optic for any signs of damage before use.
- Keep the mount and optic out of reach of children and vulnerable individuals.
- Do not use the mount if it appears to be damaged or malfunctioning.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the mount is securely attached to the rifle before use.
- Avoid using the mount in extreme weather conditions that may affect its performance.
- Do not exceed the manufacturer's recommended weight limit for optics.
- Regularly check the tightness of the mount to prevent loosening during use.
- Be cautious while adjusting the mount to avoid pinching fingers or causing injury.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that the rifle is unloaded and pointed in a safe direction.
- Remove any existing mounts or optics from the rifle.
- Align the Scalarworks LEAP Magnifier Mount with the desired mounting point on the rifle's rail.
- Securely attach the mount using the Quantum QuickDetach mechanism. Ensure it clicks into place.
- Confirm that the mount is firmly attached by gently tugging on it.

### 2. Usage

- To use the magnifier, flip it to the desired position using the symmetrical flip mechanism.
- Adjust the magnifier as needed to achieve a comfortable viewing angle.
- If removal is necessary, press the release button and detach the mount from the rail.
- Store the magnifier mount in a safe place when not in use to prevent damage.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If the product is no longer in use, consider recycling it or disposing of it in an environmentally responsible manner.
- Do not dispose of the product in household waste.

## Contact Information for Further Support

For any inquiries regarding the Scalarworks LEAP Magnifier Mount or safety concerns, please refer to the manufacturer's contact details found on the product packaging or the official website.

By following these safety instructions, you can ensure a safe and effective experience with your Scalarworks LEAP Magnifier Mount. Thank you for your attention to safety!
