

AR-15 PEAK ULTRALIGHT FIXED IRON SIGHTS - SCALARWORKS

AR-15 PEAK/01 FIXED IRON FRONT SIGHT BLACK

[Rifle Parts](#) > [Sights](#) > [Sight Sets](#)

Simplicity & Reliability of Classic Fixed Sights, Plus Functional Upgrades

Scalarworks Peak Iron Sights are for shooters who want the familiarity of classic AR-15 fixed sights, with upgrades to make them more suitable for modern tactical carbines. The Scalarworks crew designed the Peaks for a 15" sight radius, making them far more suitable for AR-15 carbine use than old "A2" sights designed for an M16A2 rifle's 20" radius. Peak Iron sights are manually adjustable for elevation (front) and windage (rear) in 1/2 MOA clicks. The front sight post is machined to the correct width for the 15" sight radius and its flat-face eliminates highlight bias. The rear sight's peep presents a flat surface to the shooter as well to prevent distorting shadows and/or glare caused by the mil-spec A2 peep's concave rear face. Machined 7075 T6 aluminum - far stronger than standard 6061 alloy Black Mil-A-8625 Type III hardcoat anodized 4140H steel hardware with Black Nitride finish 36mm (1.42") height over rail Front post: 1.35mm wide Rear flip apertures: 1.78mm (.07") and 5.08mm (.20") As a bonus, Peak Fixed Sights are designed to sit 36mm above the rail, making them ideal as backup sights for an Aimpoint optic mounted on a Scalarworks Leap Mount (available separately). Mount a set on your carbine and see just how effective iron sights can be!

Attributes

- Name: [SCALARWORKS AR-15 PEAK/01 FIXED IRON FRONT SIGHT BLACK](#)
- Manufacturer: [SCALARWORKS](#)
- Product no.: 100043531
- Mfr. No.: SW1010
- Colour: Black
- Style: Fixed
- Weapon type: AR-15
- Delivery weight: 0.086kg
- Shipping height: 51mm

Safety Instruction Guide for AR15 PEAK ULTRALIGHT FIXED IRON SIGHTS

Introduction

Thank you for choosing the AR15 PEAK ULTRALIGHT FIXED IRON SIGHTS. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new iron sights. Please read this document carefully before installation and use.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the iron sights by following the provided instructions. The product is designed to meet safety standards for nonfood items.
- **Enhanced Recalls:** Stay informed about any potential recalls or safety notices regarding the product. Regularly check for updates.
- **Online Shopping Protections:** If purchased online, ensure that the seller complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** Extra care should be taken when using the product around vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU contact point.
- **Rapid Alerts:** Be aware of the Safety Gate system for quick updates on any unsafe products.

Specific Safety Precautions for Use

- **Avoid Modifications:** Do not modify the iron sights in any way, as this can compromise safety and performance.
- **Regular Inspection:** Periodically check the sights for any signs of wear or damage. Replace any damaged components immediately.
- **Proper Handling:** Always handle the iron sights with care. Avoid dropping or mishandling the product.
- **Installation:** Ensure proper installation according to the instructions provided in this guide to avoid misalignment or failure during use.
- **Environmental Conditions:** Do not use the sights in extreme weather conditions that may affect their functionality, such as heavy rain or extreme heat.
- **Training:** Ensure that all users are adequately trained in the safe handling and operation of firearms equipped with these sights.

Instructions for Installation and Usage

Installation

1. **Gather Required Tools:** Ensure you have the necessary tools for installation, including a torque wrench and appropriate screwdrivers.
2. **Remove Existing Sights:** If replacing existing sights, carefully remove them from the firearm.
3. **Position the Front Sight:** Align the front sight post with the designated mounting area on the rail, ensuring it is level.
4. **Secure the Front Sight:** Use the provided hardware to secure the front sight in place. Follow the torque specifications provided in the product manual.
5. **Position the Rear Sight:** Align the rear sight with the rail, ensuring it is securely mounted and level.
6. **Secure the Rear Sight:** Use the provided hardware to secure the rear sight in place, following the torque specifications.
7. **Final Check:** Ensure both sights are firmly attached and properly aligned before use.

Usage

- **Adjusting Elevation and Windage:** Use the manual adjustment features to set the elevation and windage according to your shooting preferences. Each click adjusts the sight by 1/2 MOA.
- **Sight Alignment:** Always ensure proper sight alignment before taking a shot. The front post should be centered in the rear aperture.
- **Regular Practice:** Familiarize yourself with the sights through regular practice to improve accuracy and confidence.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the product responsibly according to local regulations. Do not dispose of it in regular household waste.
- **Recycling:** If possible, recycle any metal components according to local recycling guidelines.
- **Hazardous Materials:** If any components contain hazardous materials, ensure they are disposed of in accordance with local hazardous waste regulations.

Contact Information for Further Support

For further assistance or inquiries regarding safety and usage, please refer to the designated EU contact point provided with your product documentation.

By following these guidelines, you can ensure the safe and effective use of your AR15 PEAK ULTRALIGHT FIXED IRON SIGHTS. Thank you for prioritizing safety and compliance with EU regulations.
