Safety Instruction Guide for AR OPTICS 18X24MM SFP ILLUMINATED RIFLE SCOPE

Introduction

Thank you for choosing the AR OPTICS 18X24MM SFP ILLUMINATED RIFLE SCOPE. This guide provides important safety information and instructions to ensure the safe and effective use of your riflescope. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the riflescope is used only by individuals who are familiar with firearms and shooting safety protocols.
- Always treat every firearm as if it is loaded, even if you believe it to be unloaded.
- Keep the riflescope and firearm out of reach of children and unauthorized users.
- Inspect the riflescope regularly for any signs of damage or wear.
- Do not use the riflescope if it shows any signs of malfunction or damage.
- Familiarize yourself with local laws and regulations regarding the use of firearms and optics.

Specific Safety Precautions for Use

- **Avoid Eye Injury:** Always use protective eyewear when using firearms equipped with a riflescope.
- **Proper Mounting:** Ensure that the riflescope is mounted securely to prevent it from loosening during use.
- **Weather Conditions:** Do not use the riflescope in severe weather conditions that may impair visibility or safety.
- **Battery Safety:** Use only the specified CR2032 battery. Do not attempt to use other battery types.
- **Illumination Control:** Be cautious when adjusting the illumination settings to avoid distractions while aiming.

Instructions for Installation and Usage

1. Installation:

- Select a suitable mounting base for your riflescope.
- Securely attach the riflescope to the base according to the manufacturer's instructions.
- Ensure that the riflescope is level and aligned with the rifle's barrel.

2. Battery Installation:

- Open the battery compartment located on the side of the riflescope.
- Insert the CR2032 battery with the correct polarity as indicated.
- Close the battery compartment securely.

3. Adjustment of Magnification:

- Use the Throw Down Power Change Levers to switch between magnification settings.
- Ensure that the levers are fully engaged and secure before taking aim.

4. Illumination Adjustment:

- Turn on the illumination feature by pressing the designated button.
- Adjust the brightness level according to your preference and environmental conditions.

5. **Zeroing the Scope:**

- Follow the manufacturer's instructions to zero the riflescope for accurate shooting.
- Make adjustments to the turrets as needed to align the reticle with your point of impact.

Disposal Instructions

- Dispose of the riflescope and any accessories in accordance with local regulations.
- Remove the battery before disposal. Dispose of the battery at a designated battery recycling facility.
- Do not dispose of the riflescope in regular household waste.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the AR OPTICS 18X24MM SFP ILLUMINATED RIFLE SCOPE, please refer to the manufacturer's contact information provided with your product.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your AR OPTICS 18X24MM SFP ILLUMINATED RIFLE SCOPE. Always prioritize safety and responsible usage. Thank you for your attention to these important safety measures.
