ZERMATT ORIGIN SHOULDERED PREFIT CARBON FIBER BARRELS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Zermatt Origin Shouldered Prefit Carbon Fiber Barrels by PROOF Research. This guide provides essential safety instructions and precautions to ensure safe usage and installation of your new barrel. Please read this document thoroughly before using the product.

General Safety Guidelines

- Ensure that the barrel is compatible with your Zermatt Arms Origin action before installation.
- Always handle firearms and firearm components with care and in accordance with standard safety practices.
- Store the barrel in a cool, dry place away from direct sunlight and moisture.
- Regularly inspect the barrel for any signs of damage or wear before each use.
- Use only appropriate ammunition specified for the 6.5 PRC caliber to avoid malfunctions or accidents.
- Do not exceed the recommended torque specifications during installation to prevent damage to the barrel or action.
- Ensure that the barrel is installed by a qualified gunsmith if you are not confident in your ability to install it safely.

Specific Safety Precautions for Use

- Only individuals aged 18 and above should use this product.
- Always wear appropriate eye and ear protection when using firearms.
- Ensure that the firearm is pointed in a safe direction at all times when loading, unloading, or handling.
- Keep fingers off the trigger until ready to shoot.
- Be aware of your surroundings and ensure a safe shooting environment.
- In case of a misfire, keep the firearm pointed downrange for at least 30 seconds before attempting to clear the malfunction.
- Follow all local laws and regulations regarding the use and storage of firearms.

Instructions for Installation and Usage

1. Preparation:

- Gather necessary tools: torque wrench, appropriate headspace gauges, and any other tools required for installation.
- Make sure your workspace is clean and free from distractions.

2. Installation Steps:

- Ensure the firearm is unloaded and the action is open.
- Remove the existing barrel from the Zermatt Arms Origin action by following the manufacturer's instructions.
- Take the new carbon fiber barrel and align it with the action.
- Thread the barrel onto the action carefully, ensuring that it is properly seated.
- Use a torque wrench to tighten the barrel to the manufacturer's recommended torque specifications.
- Double check the headspace using appropriate gauges to ensure safety and functionality.

3. PostInstallation:

- After installation, visually inspect the barrel to ensure there are no gaps or misalignments.
- Clean the barrel as per the manufacturer's recommendations before the first use.
- Test fire the rifle in a controlled environment to ensure proper functioning.

Disposal Instructions

- Dispose of any packaging materials in accordance with local recycling guidelines.
- When disposing of the barrel or any firearm components, follow all local regulations regarding hazardous waste and firearm disposal.
- Consider contacting a local gunsmith or firearms dealer for safe disposal options if needed.

Contact Information for Further Support

For any safety inquiries or support related to your Zermatt Origin Shouldered Prefit Carbon Fiber Barrels, please refer to the manufacturer's contact details provided with your product. Always ensure that you are reaching out to authorized representatives for accurate and reliable assistance.

Thank you for prioritizing safety and responsible usage. Enjoy your shooting experience with the Zermatt Origin Shouldered Prefit Carbon Fiber Barrels!
