

# HEX DRAGONFLY REFLEX SIGHT - SPRINGFIELD ARMORY HEX DRAGONFLY 3.5 MOA RED DOT REFLEX SIGHT BLACK

[Optics & Mounting](#) > [Electronic Sights](#) > [Red Dot Sights](#)

The HEX Dragonfly is Springfields most versatile reflex sight and is perfectly suited for pistol, rifle, and shotgun applications. Manual brightness adjustment of the 3.5 MOA dot offers maximum control and the 16 hour auto-off feature prevents your battery from draining if you accidentally leave it on. Precision machined from 6061 T6 Hardcoat anodized aluminum and outfitted with a scratch resistant, anti-glare glass lens, the HEX Dragonfly is a durable, standard size reflex red dot that delivers lightning-fast target acquisition and faster follow up shots. Fits XD-M Elite OSP with mounting plate 3.5 MOA Dot, Red 1 MOA Adjustment (160 MOA Windage and Elevation) CR2032 Battery Included - 100,000 Hours Fastfire/Doctor Footprint Manual On/Off, 8 Levels of Brightness Adjustment Weighs 1.2 oz Low Profile Picatinny Mount included

# Safety Instruction Guide for HEX Dragonfly Reflex Sight

## Introduction

Thank you for choosing the HEX Dragonfly Reflex Sight. This guide provides essential safety information and instructions to ensure the safe and effective use of your sight. Please read this manual carefully before installation and usage.

## General Safety Guidelines

- Ensure the sight is used only as intended for pistol, rifle, and shotgun applications.
- Do not expose the sight to extreme temperatures or humidity.
- Keep the sight out of reach of children and vulnerable individuals.
- Regularly inspect the sight for damage or wear before use.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always check that the sight is securely mounted before use.
- Do not look directly into the lens when the sight is powered on.
- Use the brightness adjustment feature to ensure optimal visibility without straining your eyes.
- Avoid using the sight in conditions that may impair visibility, such as heavy rain or fog.
- Ensure that the battery is properly installed and replace it as needed to avoid malfunction.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Attach the HEX Dragonfly Reflex Sight to the mounting plate on your firearm (compatible with XDM Elite OSP).
- Tighten the mounting screws securely, but do not overtighten.

### 2. Powering On/Off:

- Use the manual on/off feature to power the sight.
- The sight features an autooff function after 16 hours to conserve battery life.

### 3. Brightness Adjustment:

- Adjust the brightness using the 8 levels of brightness settings to suit your environment.

### 4. Zeroing the Sight:

- Follow the manufacturer's instructions for zeroing the sight to ensure accuracy.

### 5. Battery Replacement:

- Replace the CR2032 battery as needed. Ensure the battery is installed correctly with the positive side facing up.

## Disposal Instructions

- Dispose of the HEX Dragonfly Reflex Sight and its components in accordance with local regulations.
- Do not dispose of batteries in regular household waste. Follow local guidelines for battery disposal.

## Contact Information for Further Support

For any safety inquiries or support related to the HEX Dragonfly Reflex Sight, please refer to the official website or contact the manufacturer directly. Ensure you have the product details on hand for assistance.

Thank you for prioritizing safety while using the HEX Dragonfly Reflex Sight.
