

# **MATCH 9MM LUGER STRAIGHT FLUTED BARRELS FOR SIG SAUER® P365 - FAXON FIREARMS MATCH 9MM THREADED STRAIGHT BBL FOR SIG SAUER P365 BLACK**

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Faxon's Match Series pistol barrels for SIG® P365 are machined in-house from stress-relieved 416-R stainless steel. These barrels are then given a black Nitride or PVD coating to increase lubricity, barrel life, and resistance to surface wear. All barrels are conventionally rifled to allow a wider range of ammunition to be used, including cast lead. The barrels drop into factory-spec slides with no gunsmithing required. Better-than-factory tolerances ensure a consistent, tighter lockup than OEM. SPECS Handgun Type: SIG® P365 Barrel Caliber: 9mm Profile: Straight Fluted, Drop In Barrel Material: Stress Relieved 416-R Stainless Steel Barrel Twist: 1:10 Crown: 11-degree Target Crown Rifling Type: Conventional Finish: Nitride

# Safety Instruction Guide for MATCH 9MM LUGER STRAIGHT FLUTED BARRELS FOR SIG SAUER® P365

## Introduction

Thank you for choosing the Faxon Firearms Match 9mm Luger Straight Fluted Barrels for SIG Sauer P365. This guide provides essential safety instructions and information to ensure the safe use and maintenance of your barrel. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure that you are familiar with the laws and regulations regarding firearm modifications in your jurisdiction.
- Use only compatible ammunition as specified by the manufacturer.
- Inspect the barrel and firearm regularly for any signs of wear or damage.
- Store the barrel and firearm in a secure location, away from children and unauthorized users.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installation or handling.
- Wear appropriate personal protective equipment, such as safety glasses, during installation.
- Do not attempt to modify the barrel or firearm beyond the manufacturer's specifications.
- Be aware of the potential for increased muzzle rise and recoil when using certain ammunition with the new barrel.
- Avoid using damaged or improperly maintained firearms with the new barrel.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure you have a clean, welllit workspace.
- Gather necessary tools, including a torque wrench and appropriate cleaning supplies.

### 2. Installation

- Unload the firearm and ensure it is pointed in a safe direction.
- Remove the factory barrel from the SIG Sauer P365 according to the manufacturer's instructions.
- Inspect the new Faxon barrel for any visible defects before installation.
- Insert the new barrel into the firearm's slide, ensuring it fits securely into place.
- Follow the manufacturer's torque specifications when securing the barrel.

### 3. Usage

- After installation, conduct a function check to ensure the firearm operates correctly with the new barrel.
- Always use highquality, compatible ammunition.
- Regularly clean and maintain the barrel to ensure optimal performance and longevity.

### 4. PostInstallation Check

- After firing, inspect the barrel for any signs of wear, damage, or fouling.
- Clean the barrel according to the manufacturer's recommended cleaning procedures.

## **Disposal Instructions**

- Dispose of the barrel and any associated materials in accordance with local regulations.
- If the barrel is damaged or no longer usable, consult your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use and safety of your Faxon Firearms Match 9mm Luger Straight Fluted Barrel for SIG Sauer P365, please refer to the manufacturer's website or customer service for assistance.

Thank you for prioritizing safety and responsible firearm ownership.
