

# M-BRACE SCOPE MOUNTS - AMERICAN RIFLE COMPANY 36MM 1.50" 0 MOA SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The M-BRACE Scope Mounting System embodies an evolutionary step taken from ARC's successful M10 Scope Rings that have served thousands of riflemen for over a decade. It is an engineered product standing alone in stark contrast to the conveniently designed gadgets for which engineering was never a consideration. NOTE: When attached to the far aft recoil slot in the picatinny rail on an action with 90 degree bolt rotation, the 32mm height M-BRACE serrated interface block may interfere with the bolt handle when opened. This issue can usually be avoided by moving the mount forward 1 slot in the picatinny rail. Torque spec: 6.2 Nm (55 in-lbs) on scope clamp and rail mount screws. Torque spec: 3.4 Nm (30 in-lbs) on bubble level screw.

## Attributes

- Name: [AMERICAN RIFLE COMPANY 36MM 1.50" 0 MOA SCOPE MOUNT BLACK](#)
- Manufacturer: [AMERICAN RIFLE COMPANY](#)
- Product no.: 100050433
- Mfr. No.: MB-M-36-38-00
- Elevation: 0 MOA
- Finish: Black
- Height: 1.50"
- Scope Tube Diameter: 36mm
- Style: Picatinny
- Delivery weight: 0.404kg
- Shipping height: 89mm
- Shipping width: 76mm
- Shipping length: 140mm
- UPC: 810094450533

# MBRACE Scope Mount Safety Instruction Guide

## Introduction

Thank you for choosing the MBRACE Scope Mount by American Rifle Company. This product is designed to enhance your shooting experience by providing a secure and reliable mounting solution for your scope. Please read this safety instruction guide carefully to ensure safe and effective use of the MBRACE Scope Mount.

## General Safety Guidelines

- Always ensure that the MBRACE Scope Mount is installed correctly before use.
- Regularly inspect the scope mount for any signs of wear or damage.
- Ensure that the scope is securely attached to the mount before each use.
- Keep the product out of reach of children and unauthorized users.
- Do not exceed the recommended torque specifications during installation.
- Report any unsafe conditions, accidents, or product recalls to the relevant authorities.

## Specific Safety Precautions for Use

- When attached to the far aft recoil slot in the picatinny rail on an action with 90degree bolt rotation, the 32mm height MBRACE serrated interface block may interfere with the bolt handle when opened.
- To avoid this issue, move the mount forward 1 slot in the picatinny rail.
- Ensure that the scope mount is compatible with your rifle and scope specifications.
- Always use the scope mount in accordance with the manufacturer's instructions.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your rifle is unloaded and pointed in a safe direction.
- Identify the picatinny rail on your rifle where the scope mount will be installed.
- Position the MBRACE Scope Mount on the desired slot of the picatinny rail.
- Secure the mount using the provided screws, ensuring the following torque specifications:
  - 6.2 Nm (55 inlbs) on scope clamp and rail mount screws.
  - 3.4 Nm (30 inlbs) on bubble level screw.
- Check that the mount is secure and does not move.

### 2. Usage:

- Once installed, attach your scope to the MBRACE Scope Mount following the scope manufacturer's instructions.
- Regularly check the tightness of the screws and the overall stability of the mount during use.

## Disposal Instructions

- Dispose of the MBRACE Scope Mount and packaging in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling materials where possible.

## Contact Information for Further Support

For any questions or concerns regarding the MBRACE Scope Mount, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for following these safety instructions. Enjoy your enhanced shooting experience with the MBRACE Scope Mount!
