

M-BRACE SCOPE MOUNTS - AMERICAN RIFLE COMPANY 36MM 1.50" 30 MOA SCOPE MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

The M-BRACE Scope Mounting System embodies an evolutionary step taken from ARC's successful M10 Scope Rings that have served thousands of riflemen for over a decade. It is an engineered product standing alone in stark contrast to the conveniently designed gadgets for which engineering was never a consideration. NOTE: When attached to the far aft recoil slot in the picatinny rail on an action with 90 degree bolt rotation, the 32mm height M-BRACE serrated interface block may interfere with the bolt handle when opened. This issue can usually be avoided by moving the mount forward 1 slot in the picatinny rail. Torque spec: 6.2 Nm (55 in-lbs) on scope clamp and rail mount screws. Torque spec: 3.4 Nm (30 in-lbs) on bubble level screw.

Attributes

- Name: [AMERICAN RIFLE COMPANY 36MM 1.50" 30 MOA SCOPE MOUNT BLACK](#)
- Manufacturer: [AMERICAN RIFLE COMPANY](#)
- Product no.: 100050436

MBRACE Scope Mount Safety Instructions

Introduction

Thank you for choosing the MBRACE Scope Mount from American Rifle Company. This product is designed to enhance your shooting experience while ensuring safety and reliability. Please read this safety instruction guide carefully before using the product to ensure proper usage and minimize risks.

General Safety Guidelines

- Always handle firearms and related accessories with care and responsibility.
- Ensure that the MBRACE Scope Mount is installed correctly to prevent accidents.
- Regularly inspect the scope mount for wear and damage before each use.
- Follow all local laws and regulations regarding firearm usage and accessories.
- Store the scope mount in a safe and dry place when not in use.
- Be aware of your surroundings and ensure a clear line of sight when using firearms.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Improper installation may lead to scope misalignment or detachment.
 - The serrated interface block may interfere with the bolt handle when opened. Adjust the mount forward if necessary.
- **Avoiding Hazards:**
 - Always ensure the firearm is unloaded before attaching or detaching the scope mount.
 - Use the recommended torque specifications:
 - 6.2 Nm (55 inlbs) on scope clamp and rail mount screws.
 - 3.4 Nm (30 inlbs) on bubble level screw.
- **AudienceSpecific Warnings:**
 - This product is not intended for use by children. Always supervise minors when handling firearms and accessories.

Instructions for Installation and Usage

1. **Installation:**
 - Ensure the firearm is unloaded and pointed in a safe direction.
 - Position the MBRACE Scope Mount on the picatinny rail.
 - Adjust the mount as necessary to avoid interference with the bolt handle.
 - Secure the mount using the provided screws, ensuring to follow the torque specifications mentioned above.
2. **Usage:**
 - After installation, check the alignment of the scope and adjust if necessary.
 - Regularly check the screws for tightness during use.
 - If you notice any issues with the mount or scope alignment, stop using the product and inspect it for damage.

Disposal Instructions

- Dispose of the MBRACE Scope Mount in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available.

Contact Information for Further Support

For any questions regarding safety or product usage, please refer to the manufacturer's website or customer support. Ensure you have the product details ready for efficient assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the MBACE Scope Mount!
