

AR-15 ANGLED GRIPS W/ CABLE MANAGEMENT FUNCTION - STRIKE INDUSTRIES AR-15 ANGLED GRIP SHORT W/CABLE MANAGEMENT FUNCTION FDE

[Rifle Parts](#) > [Grip Parts](#) > [Pistol Grips](#)

The Strike Industries Angled Vertical Grip with Cable Management is engineered like no other grip on the market. The grip angle sits on the handguard at 86 degrees. Patent pending SI cable management function enables you to organize and store excess wire from your weapon light or any other cabled accessories in multiple configurations. Instead of tucking wire anywhere you can and using cable ties or tape to hold it down, the cable management feature will offer you a place to route and/or contain loose wire inside the grip cavity. The side cuts at the top middle of the grip allow for easier pressure switch attachment. Compared to the Short version, the Long version has an added built-in stability feature when you place the L-shaped bottom onto a table edge/corner or as a barricade stop, giving you another way to get back on target faster downrange. The Short version can be mounted in either direction for your own preferred and personal setup and its low-profile form helps to minimize snags. The forward angle provides more of a natural wrist angle and increased rigidity of forearm. Designed with textured palm and finger areas with flat sides for positive handling and easier manipulation of the firearm. Made from durable and lightweight polymer compatible with M-LOK rails, the Strike Industries Angled Vertical Grip with Cable Management (Long) gives the shooter control while handling or firing the weapon, added stability (Long) with table/edge corner or as a barricade stop and an innovative way to ensure total cable management. No messy wires. 86° grip angle Built-in cable management w/ excess wire storage (patent pending) Forward angle provides more of a natural wrist angle and increased rigidity of forearm Side cuts at top of grip for pressure switch cable routing Built-in stability when L-shaped bottom is placed on a table edge/corner or as a barricade stop (Long) Low-profile design to minimize snags (Short) Can be mounted in either direction for preferred setup (Short) Textured palm and finger areas with flat sides for better weapon manipulation control Made from durable and lightweight polymer For M-LOK rails

Safety Instruction Guide for AR15 Angled Grips with Cable Management Function

Introduction

Thank you for choosing the Strike Industries AR15 Angled Grip with Cable Management Function. This product is designed to enhance your shooting experience while ensuring safety and functionality. Please read this safety instruction guide carefully to understand how to use and maintain the product safely.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure the grip is securely attached to your firearm before use.
- Regularly inspect the grip for any signs of wear or damage.
- Keep the grip and firearm out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe shooting area.
- Follow all local laws and regulations regarding firearm use.

Specific Safety Precautions for Use

- Do not modify the grip or any part of your firearm without consulting a qualified gunsmith.
- Avoid using the grip if it is damaged or shows signs of wear.
- Ensure that all cables routed through the grip are secured and do not interfere with the operation of the firearm.
- Use the grip only for its intended purpose; do not attempt to use it for any other function.
- Be cautious when placing the grip on any surface; ensure it is stable to prevent accidental movement.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Select the desired mounting direction for the grip (the Short version can be mounted in either direction).
- Align the grip with the MLOK rail on your firearm.
- Secure the grip using the provided mounting hardware, ensuring it is tightly fastened.

2. Usage:

- Hold the grip with a firm but comfortable grip.
- Ensure your fingers are positioned correctly on the grip for optimal control.
- Utilize the cable management feature to organize any excess wires from your weapon light or other accessories.
- When using the grip, maintain a natural wrist angle to enhance stability and control.

Disposal Instructions

- Dispose of the grip in accordance with local regulations regarding plastic waste.
- Do not dispose of the grip in regular household waste if it is damaged or broken.
- Consider recycling the grip if possible, or contact local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's contact information provided with your product packaging.

By following these guidelines, you can ensure a safe and enjoyable experience with your Strike Industries AR15 Angled Grip with Cable Management Function. Always prioritize safety and responsible firearm handling.
