

# AR-15 ANGLED GRIP W/CABLE MANAGMENT FUNCTION FOR 1913 PIC RAIL - STRIKE INDUSTRIES AR-15 ANGLED GRIP SHRT W/CABLE MANAGEMENT FOR PIC RAIL FDE

[Rifle Parts](#) > [Grip Parts](#) > [Vertical Grips](#)

The Strike Industries Angled Vertical Grip with Cable Management (Picatinny) is engineered like no other grip on the market. The grip angle sits on the handguard at 86 degrees. The patent pending SI Cable Management System® (CMS) function enables you to organize and store excess wire from your weapon light or any other cabled accessories. Instead of tucking wire anywhere you can and using cable ties or tape to hold it down, the SI CMS will offer you a place to route and/or contain loose wire inside the grip cavity. The cuts at the top middle of the grip allow for easier pressure switch attachment. On both the Short and Long version there has an added built-in stability feature when you place the L-shaped bottom onto a table edge/corner or as a barricade stop, giving you another way to get back on target faster downrange. The Short version is a low-profile form helps to minimize snags. The forward angle provides more of a natural wrist angle and increased rigidity of forearm. Designed with textured palm and finger areas with flat sides for positive handling and easier manipulation of the firearm. Made from durable and lightweight polymer compatible with 1913 Picatinny rails, the Strike Industries Angled Vertical Grip with Cable Management gives the shooter control while handling or firing the weapon, added stability with table/edge corner or as a barricade stop and an innovative way to ensure total cable management. No messy wires.

## Attributes

- Name: [STRIKE INDUSTRIES AR-15 ANGLED GRIP SHRT W/CABLE MANAGEMENT FOR PIC RAIL FDE](#)
- Manufacturer: [STRIKE INDUSTRIES](#)
- Product no.: 100050476

# Safety Instruction Guide for the AR15 Angled Grip with Cable Management

## Introduction

Thank you for choosing the Strike Industries Angled Vertical Grip with Cable Management for your AR15. This product is designed to enhance your shooting experience by providing improved control, stability, and cable management. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that you are in a safe environment when handling your firearm.
- Be aware of your surroundings and ensure that no one is in your line of fire.
- Store your firearm and accessories securely away from unauthorized access.
- Regularly inspect your grip and firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.

## Specific Safety Precautions for Use

- Ensure that the grip is securely attached to the firearm before use.
- Do not use the grip if it shows any signs of damage or wear.
- Avoid using the grip in extreme conditions (e.g., excessive heat or cold) that may affect its performance.
- Always check that the Cable Management System is properly organized to prevent interference with the firearm's operation.
- Ensure that all cables are routed away from moving parts of the firearm to avoid entanglement.
- Use the grip only as intended and do not modify it in any way.

## Instructions for Installation and Usage

### Installation

1. **Locate the Picatinny Rail:** Ensure your AR15 is unloaded and pointed in a safe direction. Identify the Picatinny rail section where you want to install the grip.
2. **Align the Grip:** Position the Strike Industries Angled Grip over the desired rail section.
3. **Secure the Grip:** Using the provided screws, tighten the grip onto the rail. Ensure that it is firmly attached but do not overtighten, as this may damage the grip or rail.
4. **Cable Management Setup:** Route any cables through the SI Cable Management System, ensuring they are secured within the grip cavity to avoid interference.

### Usage

1. **Grip Positioning:** Hold the grip with your dominant hand, ensuring a firm and comfortable hold.
2. **Pressure Switch Attachment:** Utilize the cuts at the top middle of the grip for easy attachment of pressure switches if applicable.
3. **Stability Features:** When using the grip as a barricade stop, ensure that the Lshaped bottom is securely placed against a stable surface.

## Disposal Instructions

- Dispose of the grip in accordance with local regulations.
- If the grip is damaged or no longer usable, consider recycling it if possible.

- Do not dispose of the grip in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the product, please contact your local retailer or the manufacturer's customer service. Always ensure that you have the product information on hand when seeking support.

## **Conclusion**

The Strike Industries Angled Vertical Grip with Cable Management is designed to enhance your shooting experience while ensuring safety and functionality. By following the guidelines outlined in this safety instruction guide, you can enjoy the benefits of your new grip while maintaining a safe shooting environment. Always prioritize safety and compliance with local laws when handling firearms and accessories.
