

# **POLYFLEX DUST COVER FOR .223 - STRIKE INDUSTRIES POLYFLEX DUST COVER FOR .223 BLACK**

[Rifle Parts](#) > [Receiver Parts](#) > [Ejection Port Cover Parts](#) > [Ejection Port Covers](#)

The Strike Industries PolyFlex Dust Cover for .223/5.56 offers a simple, quick and tool-less installation with its one-piece construction. Install in literally seconds by just pushing it into place. With our patent pending "True Seal" design, the internal lip seals the port tighter than traditional dust covers. Unlike stamped steel dust covers, this PolyFlex DC is made of durable and lightweight polymer which makes it resistant to rust. If the time ever comes, knowing you can remove and quickly reinstall makes this an easy cost-effective choice. Consider the Strike Industries PolyFlex Dust Cover for .223/5.56 for a new build or when you are going to untorque the barrel nut as this is the easiest time to remove your old stamped steel dust cover to upgrade.

# **POLYFLEX DUST COVER FOR .223 STRIKE INDUSTRIES**

## **Introduction**

Thank you for choosing the Strike Industries PolyFlex Dust Cover for .223/5.56. This product is designed to enhance your firearm's functionality while ensuring safety and ease of use. Please read this safety instruction guide carefully to ensure proper use and maintenance of your dust cover.

## **General Safety Guidelines**

### **1. Product Safety:**

- Ensure safe use of the PolyFlex Dust Cover by following all installation and usage instructions.
- Be aware of potential risks associated with improper handling or installation.

### **2. Enhanced Recalls:**

- Stay informed about any recall notices related to this product.
- If you receive a recall notice, follow the instructions provided.

### **3. Online Shopping:**

- When purchasing online, ensure that the seller complies with EU safety requirements.
- Verify that you are buying from a reputable source.

### **4. Special Consumer Focus:**

- Keep this product out of reach of children and vulnerable individuals.
- Use this product only as intended and according to the guidelines provided.

### **5. EU Contact Point:**

- For any safety inquiries, refer to the provided contact information from your retailer or manufacturer.

### **6. Rapid Alerts:**

- Regularly check the EU's Safety Gate platform for updates on unsafe products.

## **Specific Safety Precautions for Use**

- Always ensure that your firearm is unloaded before installing or removing the dust cover.
- Do not attempt to modify or alter the dust cover in any way.
- Inspect the dust cover regularly for signs of wear or damage.
- If the dust cover becomes damaged, discontinue use immediately and replace it.
- Ensure that the dust cover is securely installed before using your firearm.
- Use caution when handling your firearm to avoid accidental discharge.

## **Instructions for Installation and Usage**

### **Installation**

## 1. Preparation:

- Ensure your firearm is unloaded.
- Gather necessary tools (if any, although installation is toolless).

## 2. Installation Steps:

- Align the PolyFlex Dust Cover with the ejection port of your firearm.
- Push the dust cover into place firmly until you hear a click, indicating it is securely installed.
- Confirm that the dust cover is properly seated and does not move when touched.

## Usage

- The PolyFlex Dust Cover is designed for quick access and easy removal.
- If you need to remove the dust cover, simply push it out from the ejection port.
- To reinstall, follow the installation steps provided above.

## Disposal Instructions

- Dispose of the PolyFlex Dust Cover in accordance with local regulations.
- Do not dispose of the dust cover in regular household waste if it is damaged or no longer usable.
- Check for recycling options or designated disposal sites for polymer materials.

## Contact Information for Further Support

For any questions or concerns regarding the PolyFlex Dust Cover, please refer to the contact information provided by your retailer or manufacturer. Ensure you have the product details handy for a more efficient inquiry.

By following these guidelines, you can ensure the safe and effective use of your Strike Industries PolyFlex Dust Cover for .223/5.56. Thank you for your attention to safety, and enjoy your product!
