

6 CAVITY HANDGUN MOULDS - LEE PRECISION 45 CALIBER (0.452") 300GR FN GAS CHECK 6-CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

The Lee 6 Cavity Handgun moulds are made for heavy duty volume production. Moulds and blocks have steel bushings and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary moulds. The sprue plate is hard anodized and held down with wave washers at each end. All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. Does not include handles.

Attributes

- Name: [LEE PRECISION 45 CALIBER \(0.452"\) 300GR FN GAS CHECK 6-CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053324
- Mfr. No.: 90228
- Bullet Weight (Grains): 300
- Caliber: 45 Caliber
- Cavities: 6
- Diameter (in): 0.452
- Delivery weight: 0.159kg
- Shipping height: 48mm
- Shipping width: 112mm
- Shipping length: 340mm
- UPC: 734307902285

Safety Instruction Guide for 6 Cavity Handgun Moulds

Introduction

Thank you for choosing the Lee 6 Cavity Handgun Moulds. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your moulds. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure safe usage of the moulds by following all instructions provided.
- Be aware of risks associated with the use of nonfood products.
- Regularly check for product recalls or safety updates on the EU's Safety Gate platform.
- Report any unsafe product incidents or accidents to the relevant authorities.
- Keep this guide accessible for future reference.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as gloves and safety glasses, when using the moulds.
- Ensure the workspace is clean, dry, and wellventilated to prevent accidents.
- Avoid using the moulds in the presence of flammable materials or liquids.
- Keep the moulds out of reach of children and vulnerable individuals.
- Inspect the moulds for any signs of damage or wear before each use. Do not use damaged moulds.
- Follow the manufacturer's guidelines for the maximum temperature and usage limits to prevent overheating or deformation.
- Do not attempt to modify the moulds in any way, as this may compromise safety and functionality.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the mould and any associated equipment are clean and free from debris before use.
- Read the product specifications and ensure you are using the correct materials for your intended application.

2. Setup:

- Secure the mould in a stable position on a flat surface to prevent movement during use.
- If applicable, attach the mould to a suitable heat source according to the manufacturer's instructions.

3. Casting:

- Carefully pour the molten material into the mould cavities, ensuring not to overfill.
- Allow the material to cool and solidify as per the recommended cooling times.

4. Demolding:

- Once the material has cooled, gently remove the cast items from the mould.
- Inspect the cast items for any defects and ensure they meet your quality standards.

5. Cleaning:

- Clean the mould thoroughly after each use to prevent buildup of residues that may affect future casts.
- Store the mould in a dry and safe location when not in use.

Disposal Instructions

- Dispose of any used materials, including casting residues, in accordance with local waste management regulations.
- Do not dispose of the moulds in regular household waste if they are damaged or no longer usable. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please refer to the manufacturer's website or contact their customer support team directly. Ensure you have the product details at hand when seeking assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Lee 6 Cavity Handgun Moulds. Thank you for your attention to safety.
