

6 CAVITY HANDGUN MOULDS - LEE PRECISION 44 CALIBER (0.429") 240GR SWC GAS CHECK 6-CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

The Lee 6 Cavity Handgun moulds are made for heavy duty volume production. Moulds and blocks have steel bushings and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary moulds. The sprue plate is hard anodized and held down with wave washers at each end. All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. Does not include handles.

Attributes

- Name: [LEE PRECISION 44 CALIBER \(0.429"\) 240GR SWC GAS CHECK 6-CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053350
- Mfr. No.: 90483
- Bullet Style: Semi-Wadcutter (SWC)
- Bullet Weight (Grains): 240
- Caliber: 44 Caliber
- Cavities: 6
- Diameter (in): 0.429
- Delivery weight: 0.522kg
- Shipping height: 48mm
- Shipping width: 109mm
- Shipping length: 340mm
- UPC: 734307904838

Safety Instruction Guide for Lee Precision 6 Cavity Handgun Moulds

Introduction

Thank you for choosing the Lee Precision 6 Cavity Handgun Mould for your casting needs. This product is designed for heavyduty volume production of bullets. Please read this safety instruction guide carefully to ensure safe and effective use of the mould.

General Safety Guidelines

- Always use the mould in a wellventilated area to avoid inhaling fumes from melted materials.
- Keep the mould out of reach of children and pets.
- Ensure that the mould is used only by individuals who are knowledgeable about casting and handling hot materials.
- Always wear appropriate personal protective equipment (PPE), including heatresistant gloves, safety goggles, and longsleeved clothing.
- Regularly inspect the mould for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use of moulds and bullet casting.

Specific Safety Precautions for Use

- **Heat Safety:** The mould can become extremely hot during use. Always handle with care and use tools designed for high temperatures.
- **Burn Hazard:** Never touch the mould or any part of the casting apparatus with bare skin while in use.
- **Fume Inhalation:** Be aware that melting lead can produce harmful fumes. Use in a wellventilated area or under a fume hood.
- **Spillage:** Be cautious of any spillage of molten lead. Clean up immediately using appropriate methods to avoid slips or injuries.
- **Electrical Safety:** If using an electric furnace, ensure all electrical connections are secure and free from damage.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the mould, lead, a furnace, and personal protective equipment.
- Ensure your workspace is clean, organized, and free from clutter.

2. Setting Up the Mould:

- Place the mould on a stable, heatresistant surface.
- Ensure that the sprue plate is properly aligned and secured.

3. Melting Lead:

- Follow the manufacturer's instructions for your lead melting furnace.
- Heat the lead to the appropriate temperature for casting.

4. Casting Bullets:

- Once the lead is melted, carefully pour the molten lead into the mould cavities using a ladle.

- Allow the lead to cool and solidify before opening the mould.

5. Removing Bullets:

- After cooling, gently open the mould and remove the bullets. Use caution as the mould may still be warm.

6. Cleaning the Mould:

- Clean the mould after each use to prevent lead buildup. Use appropriate cleaning tools that will not damage the mould.

Disposal Instructions

- Dispose of any lead scraps or waste according to local regulations for hazardous materials.
- Do not dispose of lead in regular trash. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the Lee Precision 6 Cavity Handgun Mould, please refer to the product packaging for contact details of the manufacturer or visit their official website.

Please ensure that you adhere to the guidelines and precautions outlined in this document to ensure a safe and effective casting experience. Thank you for your attention to safety!
