

# ULTIMATE RIFLE 4-DIE SETS - LEE PRECISION 30-30 WINCHESTER

## ULTIMATE 4-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Choose this die set for maximum versatility. The set features a full length-resizing die to return brass to factory new dimensions, perfect for reloading brass fired in other guns. The Collet Neck sizing die is used on your fire formed brass giving you best possible accuracy. No case lube required and cases last almost forever. The Easy Adjust Dead Length Bullet seating die foolproofs the bullet seating adjustment, and assures perfect seating depth every time. The Factory Crimp die provides a secure crimp on bullets with or without a crimp groove. In most cases it helps accuracy by providing a uniform higher start pressure and gives the finished cartridge Factory like accuracy and dependability. The set is complete, with shell holder, powder measure and famous Lee load data featuring all common brands of powder organized in a easy to read logical format. Includes a full length sizer, collet necksizer, Easy Adjust Dead Length Bullet Seating Die & Factory Crimp Die.

## Safety Instruction Guide

### Introduction

Thank you for choosing the ULTIMATE RIFLE 4DIE SETS LEE PRECISION 3030 WINCHESTER. This guide provides essential safety instructions to ensure safe and effective use of this product. Please read this guide thoroughly before using the die set.

### General Safety Guidelines

- Ensure that the die set is used only for its intended purpose of reloading ammunition.
- Keep the die set and all components out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading materials and equipment.
- Store the die set in a dry, secure location to prevent damage and unauthorized access.
- Regularly inspect the die set for wear or damage before each use. Do not use damaged components.
- If you are unsure about any aspect of using this product, seek assistance from a knowledgeable individual or professional.

### Specific Safety Precautions for Use

- **Hazard Identification:** Be aware of potential hazards, including:
  - Improper handling of ammunition components.
  - Risk of injury from sharp edges or moving parts.
  - Risk of explosion if incorrect materials or procedures are used.
- **Avoiding Hazards:**
  - Always follow the manufacturer's instructions for reloading procedures.
  - Use only recommended powders and components that are compatible with the 3030 Winchester cartridge.
  - Ensure that all tools and components are clean and free from contaminants.
  - Do not exceed recommended load specifications; always refer to reliable load data.
  - Keep the workspace wellventilated to avoid inhalation of dust or fumes.

### Instructions for Installation and Usage

#### 1. Setup:

- Gather all necessary components: die set, shell holder, powder measure, and reloading data.
- Ensure your reloading press is securely mounted and stable.

#### 2. Installation:

- Install the full lengthresizing die into your reloading press according to the manufacturer's instructions.
- Follow with the collet neck sizing die, ensuring it is properly adjusted for your fireformed brass.
- Install the Easy Adjust Dead Length Bullet Seating Die and set the desired bullet seating depth.
- Finally, install the Factory Crimp Die to ensure a secure crimp on your completed cartridges.

### **3. Reloading Process:**

- Resize and deprime your brass cases using the full length resizing die.
- Clean and inspect cases for any damage or wear.
- Use the collet neck sizing die to ensure proper fit and accuracy.
- Measure and dispense powder using the powder measure, adhering to load data specifications.
- Seat bullets using the Easy Adjust Dead Length Bullet Seating Die, verifying seating depth after each adjustment.
- Apply crimp using the Factory Crimp Die to secure the bullet in place.

### **4. Final Checks:**

- Inspect each completed cartridge for proper assembly, including bullet seating and crimp.
- Store completed ammunition in a safe and secure manner.

## **Disposal Instructions**

- Dispose of any unused or excess reloading materials according to local regulations.
- Do not throw away used brass cases or components in regular trash; recycle them where possible.
- Ensure that all hazardous materials are disposed of in compliance with local environmental laws and regulations.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the ULTIMATE RIFLE 4DIE SETS LEE PRECISION 3030 WINCHESTER, please refer to the contact information provided on the product packaging or the manufacturer's website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective reloading experience with the ULTIMATE RIFLE 4DIE SETS LEE PRECISION 3030 WINCHESTER. Always prioritize safety and best practices when handling reloading equipment and materials. Thank you for your attention to these important guidelines.
