

# TOOL-LESS BUTTPAD HEIGHT KIT - KINETIC RESEARCH GROUP BRAVO CHASSIS MOLDED TOOL-LESS BUTTPAD HEIGHT MECHANISM

[Shooting Accessories](#) > [Recoil Parts](#) > [Recoil Pads](#) > [Rifle](#)

## No Wrenches Needed

Tool-less Buttpad Height Mechanism: With this assembly, you can add tool-less buttpad height and cant functionality to some KRG chassis that did not come with it already. With the tool-less adjustment, it's easy to lower the buttpad to get a cleaning rod down the bore or to adjust the buttpad when transitioning between different shooting positions such as seated to prone for example. The buttpad mount plate is upgraded to the Whiskey-3 version which has ample set positions for height plus positions for 15 degrees of cant each way. Fits: The following KRG chassis (each chassis has its own version of the mechanism): X-ray, Bravo, 180-Alpha Restrictions: Does not come with new buttpad, use your existing buttpad

# Safety Instruction Guide for Toolless Buttpad Height Kit

## Introduction

Thank you for choosing the Toolless Buttpad Height Kit from Kinetic Research Group. This guide provides important safety information to ensure the safe and effective use of the product. Please read this guide thoroughly before installation and use.

## General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Always use appropriate protective gear when handling or using firearms.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the buttpad height adjustment is securely locked before use.
- Avoid adjusting the buttpad height while aiming or shooting.
- Do not exceed the recommended height or cant adjustments as specified in the product instructions.
- Be aware of your surroundings and ensure a safe shooting environment.
- Use caution when transitioning between different shooting positions to avoid losing balance or control.

## Instructions for Installation and Usage

### 1. Installation:

- Gather all necessary tools and components for installation.
- Remove the existing buttpad from the chassis.
- Align the new buttpad mount plate with the chassis and secure it using the provided screws.
- Ensure that the mount plate is firmly attached and that there is no movement.
- Attach your existing buttpad to the new mount plate, ensuring it is secure.

### 2. Usage:

- To adjust the buttpad height, release the locking mechanism.
- Slide the buttpad to the desired height and lock it in place.
- To adjust the cant, release the locking mechanism, tilt the buttpad to the desired angle, and lock it back in place.
- Always doublecheck that the adjustments are secure before using the firearm.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling the aluminum components where facilities exist.

## Contact Information for Further Support

For any questions or concerns regarding the Toolless Buttpad Height Kit, please consult the manufacturer's

website or contact your local distributor for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your Toolless Buttpad Height Kit. Thank you for your attention to safety, and enjoy your shooting experience!
