

Z365 OCTANE SLIDE W/ RMSC CUT - ZEV TECHNOLOGIES Z365 OCTANE SLIDE W/ RMSC OPTIC CUT GRAY

[Handgun Parts](#) > [Slide Parts](#) > [Slides](#)

A Dedicated RMSC-Compatible Slide for Your SIG Sauer P365

Mounting a dedicated red-dot sight to your carry-ready SIG Sauer P365 is as simple as swapping out your OEM handgun slide for this drop-in, aftermarket Z365 Octane Slide from ZEV Technologies. With this slide, your defensive pistol will perform at a whole new level. Each ZEV Technologies Octane Slide comes outfitted with a milled slot at the rear that's specifically designed to accommodate a Shield RMSc, SIG RomeoZero or Holosun HS407K reflex sight. The milled slot sits just forward of the rear sight, so you can install and remove your optic without disturbing your open rear sight, and it also allows for the installation of suppressor-height sights for co-witnessing. A cover plate is included for use without an optic. The ZEV Technologies Octane Slide designed for SIG Sauer handguns also comes with the company's unique slide-channeling serrations. This offers an enhanced gripping surface and reduces glare, so you won't be distracted by sun rays reflecting off your slide surface. The slide is also treated with a black DLC coating that's tough enough to withstand heavy use while preventing wear and corrosion. You can also enhance the look of your gun with a gray-coated slide as well.

Safety Instruction Guide for Z365 Octane Slide

Introduction

Thank you for choosing the Z365 Octane Slide from ZEV Technologies. This guide provides essential safety instructions to ensure the safe and effective use of your new product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the Z365 Octane Slide is compatible with your SIG Sauer P365 model.
- Always handle firearms with care and in accordance with local laws and regulations.
- Keep the slide and firearm out of reach of children and unauthorized users.
- Inspect the slide for any damage before installation. Do not use if damaged.
- Always wear appropriate eye and ear protection when handling firearms.
- Follow all safety protocols for the use of firearms, including safe storage practices.

Specific Safety Precautions for Use

- Do not attempt to modify the slide beyond the manufacturer's specifications.
- Ensure that the firearm is unloaded before installing or removing the slide.
- Be mindful of the installation process to avoid pinching fingers or causing injury.
- When using a mounted optic, ensure that it is securely attached to prevent it from becoming loose during use.
- Avoid exposing the slide to extreme temperatures or harsh chemicals that could damage the finish.
- Regularly check the slide and optic for signs of wear or damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure your SIG Sauer P365 is unloaded and pointed in a safe direction.
- Gather all necessary tools for installation, including any required screws or mounting hardware.

2. Removing the OEM Slide:

- Follow the manufacturer's instructions to safely remove the original slide from your handgun.

3. Installing the Z365 Octane Slide:

- Align the Z365 Octane Slide with the frame of the SIG Sauer P365.
- Carefully slide it into place, ensuring that it is seated correctly.
- Secure the slide using the provided screws or hardware, ensuring they are tightened to the manufacturer's specifications.

4. Installing the Optic (if applicable):

- If using a Shield RMSc, SIG RomeoZero, or Holosun HS407K reflex sight, align the optic with the milled slot on the slide.
- Securely attach the optic according to the manufacturer's instructions.

5. Final Checks:

- Perform a function check to ensure the slide operates smoothly with the handgun.
- Check that the optic is securely mounted and properly aligned.

Disposal Instructions

- Dispose of packaging materials in accordance with local recycling guidelines.
- If the slide is damaged beyond repair, dispose of it in a manner that prevents accidental use. Consult local waste management regulations for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Z365 Octane Slide, please refer to the manufacturer's website or contact their customer service for assistance.

This guide is designed to help ensure your safety and the safe use of the Z365 Octane Slide. Always prioritize safety and compliance with all applicable laws and regulations. Thank you for your attention to these important safety instructions.
