

# PLHV2 HANDHELD FLASHLIGHT - MODLITE SYSTEMS HANDHELD PLHV2-18350 COMPLETE LIGHT FDE

[Emergency & Survival Gear](#) > [Lighting](#) > [Flashlights](#)

This light package contains a PLHV2-light head, 18350 handheld body and tail cap. It also includes a single KeepPower 1200mAh 18350 batteries and a XTAR MC2 charger. While lumen output with this light is similar to the Surefire® M600DF head, the throw is much better suited to allow PID (Positive ID) at greater distances at more than three times the amount throw than the M600DF. This light is a large step forward from the PLHV1 light. Lumen output is about the same but throw is greatly improved. It is the best balance of flood and throw available. Features Cool White 5700K emitter tint Made and assembled in the USA Drivers are fully potted and tested to withstand select fire SCAR 17 recoil. Lifetime guarantee Approximately 1350 out the front lumens and candela is approximately 54,000. It is an excellent overall light head good for indoor or outdoor use. 6061 Series Alum bezel with Mil-Spec Hard Anodizing. Ultra clear BOROFLOAT® lens allows 98-99% light transmittance. Lithium CR123 cells are not supported and if used will cause the cells to heat up and possibly explode or catch fire. Modlite recommend the KeepPower 18350 high drain cells. Runtime is about 35 minutes with the supplied 18350 cells.

## Attributes

- Name: [MODLITE SYSTEMS HANDHELD PLHV2-18350 COMPLETE LIGHT FDE](#)
- Manufacturer: [MODLITE SYSTEMS](#)
- Product no.: 100061537
- Mfr. No.: PLHV2-350-HH-FDE
- Battery: 18350
- Lumens: 1350
- Style: LED
- Delivery weight: 0.288kg
- Shipping height: 76mm
- Shipping width: 102mm
- Shipping length: 159mm
- UPC: 850008965197

## Item details

Made in USA

This product contains a battery.

# PLHV2 Handheld Flashlight Safety Instructions

## Introduction

Thank you for choosing the PLHV2 Handheld Flashlight by Modlite Systems. This product is designed for safe and effective use in various lighting conditions. Please read this safety instruction guide carefully to ensure proper usage and maintenance of your flashlight.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as a handheld flashlight.
- Always follow the safety instructions provided in this guide to minimize risks.
- Keep the flashlight out of reach of children and vulnerable individuals.
- Regularly inspect the flashlight for any signs of damage or wear.
- If you notice any abnormalities, discontinue use immediately and contact customer support for assistance.
- Report any unsafe products or accidents to local authorities.

## Specific Safety Precautions for Use

- Do not use the flashlight in wet or damp conditions unless it is specifically rated for such use.
- Avoid pointing the flashlight directly into anyone's eyes, as the bright light may cause temporary blindness or discomfort.
- Do not use lithium CR123 cells, as they are not compatible with this flashlight and may cause overheating, explosion, or fire.
- Always use the recommended KeepPower 18350 high drain cells for optimal performance and safety.
- Do not disassemble the flashlight or attempt to repair it yourself. Seek professional assistance if needed.
- Ensure the tail cap is securely attached before use to prevent battery leakage or malfunction.

## Instructions for Installation and Usage

### 1. Installation of Batteries:

- Ensure the flashlight is turned off before inserting the batteries.
- Remove the tail cap by turning it counterclockwise.
- Insert the KeepPower 18350 battery into the flashlight body, ensuring the positive (+) end is facing the head of the flashlight.
- Replace the tail cap by turning it clockwise until secure.

### 2. Turning On and Off:

- To turn on the flashlight, press the tail switch firmly until you feel a click.
- To turn off, press the tail switch again until it clicks.

### 3. Adjusting Brightness:

- The flashlight may have multiple brightness settings. Refer to the product specifications for details on how to adjust the brightness level.

### 4. Charging Instructions:

- Use the included XTAR MC2 charger for charging the batteries.
- Follow the charger's instructions for safe and effective charging.
- Do not exceed the recommended charging time to avoid damage to the batteries.

## 5. Usage Tips:

- For optimal performance, ensure the lens is clean and free from dirt or debris.
- Store the flashlight in a cool, dry place when not in use.

## Disposal Instructions

- Dispose of the flashlight and batteries in accordance with local regulations for electronic waste.
- Do not dispose of batteries in regular household waste. Instead, use designated battery recycling facilities.
- Ensure that the flashlight is completely powered off before disposal.

## Contact Information for Further Support

For any inquiries regarding safety, maintenance, or product issues, please refer to the manufacturer's contact details. Ensure that you have your product information ready for a more efficient support experience.

By following these safety instructions, you can ensure a safe and enjoyable experience with your PLHV2 Handheld Flashlight. Thank you for your attention to these important safety guidelines.
