

ROUND BALLS 32 CALIBER MUZZLELOADING BULLETS - ROUND BALLS 32 CAL (.310") LEAD ROUND BALL 100/BOX

[Reloading](#) > [Muzzleloading Components](#) > [Bullets](#)

Completely uniform in size, weight, and roundness, Hornady® Round Balls deliver consistent and accurate performance. They're cold swaged from pure lead which eliminates air pockets and voids common to cast balls. And the smoother, rounder surface assures better rotation and consistency. FEATURES
ACCURATE: Precision swaged to eliminate air pockets and deliver optimal accuracy. TRADITIONAL: Pure lead replicates traditional design. CONSISTENT: Uniform in size, weight and concentricity. *IMPORTANT: Before choosing a round ball diameter, check the bore size of your firearm and take into consideration whether you're using compression fit or patched projectile loading.

Safety Instruction Guide for Hornady® Round Balls 32 Caliber Muzzleloading Bullets

Introduction

Thank you for choosing Hornady® Round Balls 32 Caliber Muzzleloading Bullets. This guide provides essential safety instructions to ensure the safe use of this product. It is crucial to follow these guidelines to minimize risks and enhance your shooting experience.

General Safety Guidelines

- Always treat all firearms and ammunition as if they are loaded.
- Store ammunition in a secure location, out of reach of children and unauthorized users.
- Use appropriate eye and ear protection when shooting.
- Ensure your firearm is in good working condition and is suitable for the caliber of ammunition you are using.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not consume alcohol or drugs before or while handling firearms or ammunition.
- Follow all local laws and regulations regarding the use of firearms and ammunition.

Specific Safety Precautions for Use

- **Check Bore Size:** Before using Hornady® Round Balls, verify the bore size of your firearm to ensure compatibility.
- **Compression Fit or Patched Loading:** Consider whether you will be using a compression fit or patched projectile loading method, as this affects the appropriate round ball diameter.
- **Inspect for Damage:** Always inspect the round balls for any signs of damage or deformities before use.
- **Avoid Excessive Force:** Do not use excessive force when loading the round balls into the firearm to prevent damage or misfires.
- **Use in Appropriate Firearms:** Only use Hornady® Round Balls in firearms designed for muzzleloading ammunition.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is pointed in a safe direction.
- Check that the firearm is unloaded before beginning the loading process.

2. Loading the Round Balls:

- Select the appropriate diameter based on your firearm's bore size.
- Use a loading tool to gently insert the round ball into the muzzle.
- If using a patch, ensure it is properly aligned with the round ball.
- Use a ramrod to push the round ball down the barrel until it is seated firmly against the powder charge.

3. Firing:

- Once loaded, ensure that the firearm is aimed at a safe target.
- Follow the manufacturer's instructions for firing your specific firearm model.
- After firing, ensure the firearm is clear of any obstructions before reloading.

4. PostUse Care:

- Clean your firearm thoroughly after use to remove any residue or fouling.
- Store the round balls and firearm in a safe and secure location.

Disposal Instructions

- Dispose of any unused or damaged round balls according to local regulations for hazardous materials.
- Do not throw away ammunition in regular trash. Contact local authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional information regarding Hornady® Round Balls, please contact the manufacturer through their official website or customer service channels.

By adhering to these guidelines, you will help ensure a safe and enjoyable experience with Hornady® Round Balls 32 Caliber Muzzleloading Bullets. Always prioritize safety and responsibility when handling firearms and ammunition.
