# G36 Flash Hider Compensator Safety Instructions

## Introduction

Thank you for choosing the G36 Flash Hider Compensator by JMAC Customs. This product is designed to enhance the performance of your firearm while ensuring safety during use. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure the firearm is unloaded before installing or handling the flash hider compensator.
- Use protective eyewear when installing or using the flash hider compensator.
- Store the flash hider compensator in a safe place, away from children and unauthorized users.
- Regularly inspect the flash hider compensator for signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities immediately.
- Stay updated on product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- The G36 Flash Hider Compensator is designed for use with AK rifles and pistols only. Do not use it with other firearm types.
- Ensure that the thread pitch of your firearm is compatible (14x1 LH) before installation.
- Do not exceed the recommended bore size (10mm) when using this product.
- Avoid using the flash hider compensator if it shows signs of damage or has been modified.
- Keep the area clear of bystanders when firing a weapon equipped with the flash hider compensator.
- Ensure that the compensator is securely attached before each use to prevent accidents.

## Instructions for Installation and Usage

### 1. Preparation

- Gather the necessary tools: a wrench suitable for the compensator's nut.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation

- Remove any existing muzzle device from the firearm.
- Clean the threads on the barrel to ensure proper fit.
- Align the G36 Flash Hider Compensator with the barrel threads (14x1 LH).
- Handtighten the compensator onto the barrel.
- Use a wrench to securely tighten the compensator, ensuring it is snug but avoid overtightening.

### 3. Usage

- After installation, check the alignment of the compensator.
- Always perform a function check of the firearm before live firing.
- When firing, maintain proper shooting stance and control of the firearm.
- Monitor the compensator for any unusual sounds or movement during use.

### 4. PostUsage

- After use, clean the compensator according to the manufacturer's recommendations.
- Inspect for any signs of wear or damage before storing.

## Disposal Instructions

- Dispose of the G36 Flash Hider Compensator in accordance with local regulations.
- If the product is damaged or no longer usable, ensure it is disposed of safely to prevent accidental use.
- Recycle materials where possible, following local recycling guidelines.

## Contact Information for Further Support

For further assistance or inquiries regarding safety, installation, or usage of the G36 Flash Hider Compensator, please consult the manufacturer's support resources or your local distributor.

By following these safety instructions, you can ensure a safe and enjoyable experience with your G36 Flash Hider Compensator. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
